

APPENDIX L

TWENTIETH ANNUAL REPORT

OF THE

MOJAVE BASIN AREA WATERMASTER

WATER YEAR 2012-13

CITY OF BARSTOW, ET AL, VS. CITY OF ADELANTO, ET AL,
CASE NO. 208568 – RIVERSIDE COUNTY SUPERIOR COURT

MAY 1, 2014

Year 2012-13. The Base Annual Production ("BAP") for the five year Base Period 1986-90 is also included as well as the verified amounts for 2008-09, 2009-10, 2010-11, 2011-12 and 2012-13.

Two indexes are included which provide a cross index by Owner's Name and State Well Number. In addition, each index shows the Subarea within which the well is located and, to the extent available, the local designation for the well. Also shown is the type of notice or report filed with the State Water Resources Control Board ("SWRCB"), i.e. Recordation Notice (G), Report Pursuant to an Appropriative Water Right (A), or Statement of Water Diversion and Use (S or F). Those wells for which some type of production report is not filed with the SWRCB are designated NF.

Table 1 of Appendix L lists the individual wells by owner and the BAP for each well together with the year of maximum production and the verified production for Water Years 2008-09, 2009-10, 2010-11, 2011-12 and 2012-13. Where production amounts for a well are not shown, the facility may have produced water but the amount was indeterminate due in part to a lack of power records, meter records or the existence of multiple electrical loads. Transfers of Base Annual Production Right and facility transfers are referred to in Table 1 and shown in Tables 8 and 9.

Table 1A shows total water production for certain producers of water for aquaculture and recreational lake purposes and the allocation of such production as verified BAP and recirculated water production. The total verified production and recirculated water production for Water Year 2012-13 is also shown.

Table 2 is a summary of verified owner total BAP together with the year of maximum production and the total verified water production by each owner for Water Years 2008-09 through 2012-13.

Tables 3 through 7 are summaries of verified owner total BAP and owner total production for Water Years 2008-09 through 2012-13 for each of the five Subareas within the Mojave Basin Area: Alto, Baja, Centro, Este and Oeste respectively.

Table 8 is a list of all BAP transfers processed by the Watermaster for the period October 1, 1993 through September 30, 2013.

Table 9 is a list of the facility changes reported to the Watermaster for the period October 1, 1993 through September 30, 2013.
