22)
23)

24 I, Patricia Parker, declare:

25 1. I have personal knowledge of the facts set forth in this declaration, unless
26 otherwise stated, and I could and would competently testify thereto in court under oath if
27 called upon to do so.
28

1 2. I am currently the Secretary-Treasurer of the Reesedale Mutual Water Company
2 and I have held that position for the past 8 years. I have lived in a house served by
3 Reesedale since 1996. As Secretary-Treasurer, I am the custodian of records for
4 Reesedale. I am responsible for maintaining the records for water usage for Reesedale
5 and I pay all of Reesedale's bills, including property tax bills.

6 3. Reesedale was incorporated in 1955 according to the records of Reesedale. To the
7 best of my knowledge and belief Reesedale has continuously pumped water since that
8 time from a well located on property owned by Reesedale. Reesedale has two wells (one
9 of which is a backup well) and one permanent storage tank. The property on which the
10 wells are located are unimproved with the exception of the wells. The wells are located
11 on a parcel owned by Reesedale, identified by the Los Angeles County Assessor as APN
12 892085134804000. A true and correct copy of the deed is attached hereto as Exhibit 1.

13 4. Reesedale's service area includes 59 parcels of land (not including the parcel with
14 the wells) of which 23 are developed. The developed parcels are residential only and four
15 of those parcels have two dwelling structures on them; the others have single homes only.
16 None of the parcels are used for commercial purposes and never have been to the best of
17 my knowledge. My parcel is zoned for residential use only and I believe that to be the
18 case for the other parcels as well.

19 5. No water is being provided to the undeveloped parcels and to the best of my
20 knowledge those parcels have never been provided with water since Reesedale's
21 incorporation. No parcel included within Reesedale's coverage has a well of its own
22 other than the one parcel owned by Reesedale as described above. None of the parcels
23 within Reesedale have any source of water other than that provided by Reesedale's wells.

24 6. The 23 "active" residential parcels have water meters which measure the amount
25 of water delivered to each parcel. Reesedale's well does not have a master meter.

26 7. The meters for the various properties are read monthly by Donna Hopkins (the
27 Vice-President of the Board of Directors). I transpose the monthly figures into a ledger I
28 maintain as part of the corporate records. The individual water use records go back to at

1 least 1989 in the corporate records. I have compiled the annual usage figures for the
2 years 1989 through 2014 from Reesedale's records and that compilation is attached
3 hereto as Exhibit 2.

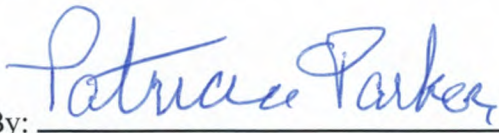

4 8. Reesedale does not provide water to anyone other than Reesedale's shareholders and
5 never has to my knowledge.

6

7 I declare the foregoing to be true and correct under penalty of perjury under the
8 laws of the State of California. This declaration was executed in Los Angeles County,
9 CA.
