MINUTE ORDER RE: **Ex Parte Application by Willis Plaintiffs for Entry of [Proposed] Amendment to Final Judgment Approving Class Action Settlement to Add Provision re Attorneys Fees and Costs - to be conducted telephonically via CourtCall only, including the Court and staff**

A telephonic hearing was held this date on the Willis Class request for an Amendment to the Judgment. The court considered the application of the Willis Class as well as the oral opposition thereto.

In view of the history of this case, the Court deems it appropriate to amend the judgment and approves the Amended Judgment proposed by Los Angeles Water Works District 40.

The Court notes that on March 11, 2011, the Willis Class asked the Court to defer entry of judgment until after ruling on the award of attorneys' fees in order to include the fee and incentive award in the judgment approving the settlement. On April 26, 2011, prior to the Order on attorneys' fees, the judgment was entered at the request of the Class. On May 6, 2011, the Court made its order on attorneys' fees and an incentive award for class representative Willis. On July 12, 2011, the motion was filed requesting supplemental attorneys' fees and following a hearing an order was made on September 7, 2011 approving a supplemental attorneys' fees award.

It is appropriate therefore to now amend the judgment to include the awards of attorneys' fees and costs and the incentive fee. No evidence having been provided to the court concerning apportionment, allocation, credits, payment agreements, those things are not appropriately reflected in the amended judgment. To the extent that the class has agreed to accept any payment in satisfaction of any party's obligation to pay fees or costs or the incentive award, that may be reflected in a satisfaction of judgment as to any such party filed by the class.

This hearing was not reported.
