HOLLY H. HUGHES
Secretary-Treasurer

October 9, 2013

Dear AVEK Customer:

Enclosed please find: (1) 2014 Water Rates and Charges; and (2) Requested Water Delivery form. Please complete, sign, and return the Requested Water Delivery Form indicating your 2014 water requirements.

- 1) As indicated on the 2014 Water Rates Schedule, a seasonal pricing program is in place for M&I treated water to encourage more efficient use of Agency facilities. June through September rate would equal \$450/AcFt. January through May, and October through December would equal \$375/AcFt.
- 2) For Agency agricultural customers, your requests will be used to compute the Water Availability Charge due or the optional prepayment billing schedule.
- 3) The Agency added the option of Groundwater Banking for our customers starting in 2012. AVEK customers who participate in this program will be able to store surplus water locally, then recovering that water in the future during periods of dry or drought conditions. Please indicate your interest in Groundwater Banking on the enclosed Request For Water Delivery form. This program is subject to the availability of surplus water in 2014.

You may return the Requested Water Delivery Form by mail, fax, or email to:

AVEK Water Agency
6500 West Avenue N
Palmdale, CA 93551-2855

Fax: 661-943-3204
Email: info@avek.org

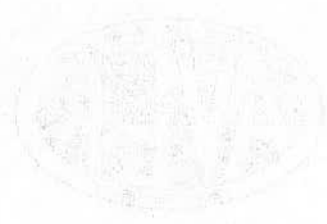

It is extremely important that the Agency receive your signed water request for 2014. If the Agency does not receive your request on or before November 15, 2013, the Agency may not be able to provide water to you in calendar year 2014. Your request should reasonably reflect your expected water use in a normal rainfall year.

Please contact Mike Flood or Tom Barnes at (661) 943-3201 if you have any questions or need any additional information.

Sincerely,

Dan Flory
General Manager
