20 At the mediation session before Justice Robie on April 30, progress was made on several issues.
21 Other significant issues remain unresolved. Parties are working to resolve the remaining issues. Some
22 parties are not involved in the mediation.

23 Although early drafts of a comprehensive stipulated judgment have been exchanged, there has
24 been no agreement as yet on particular language.

25 Some of the Public Water Suppliers have engaged experts to identify technical issues that must
26 be addressed in the physical solution, and possible ways to address those issues. Those experts are
27 expected to reach their conclusions over the next several months.
