10           3.       This Stipulation is only for the purpose of determining groundwater pumping

11 during 2011 and 2012. This stipulation shall not result in any determination of any water right,

12 or the reasonableness of any party's water use or manner of applying water to the use. This

13 stipulation will not preclude any party from introducing, in a later phase, any evidence it deems

14 appropriate to support its claimed water rights. All parties reserve their rights to produce any

15 evidence to support their claimed water rights and make any related legal arguments including,

16 without limitation, arguments based on any applicable constitutional, statutory, or decisional

17 authority.

18

19

20           4.       This Stipulation may be executed by the parties in counterparts, each of which

21 when executed and filed with the Court shall be an original, but all of which together shall
