Re: Antelope Valley Groundwater Cases
Public Water Purveyors' List of Exhibits
Meet and Confer

Gentlemen:

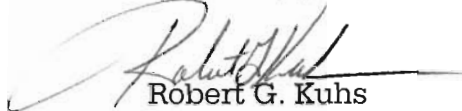

The Phase 2 Case Management Order, paragraph 10, requires that the parties post an exhibit list that is "sufficiently specific to enable the other parties to identify the exhibit prior to trial." The Public Water Purveyors failed to do so (excepting Exhibits 1, 4, 45-47), and we cannot identify the proposed exhibits. For that reason, on September 28, 2008 I sent an email requesting that the Public Water Purveyors provide us with an electronic copy of their proposed exhibits and mail a copy of those exhibits which are not electronic, to our office. To date, we have received no response.

In order to avoid wasting the time of the court and other parties to this action on the morning of trial we request once again that you provide us with an electronic copy of your exhibits by 5:00 p.m. If you choose not to cooperate in this regard, then please consider this Tejon Ranchcorp's "meet and confer" prior to bringing this matter to the court's attention.

Very truly yours,

Robert G. Kuhs
