

Pre-development Flow towards EAFB

Approximate Southwest boundary of EAFB

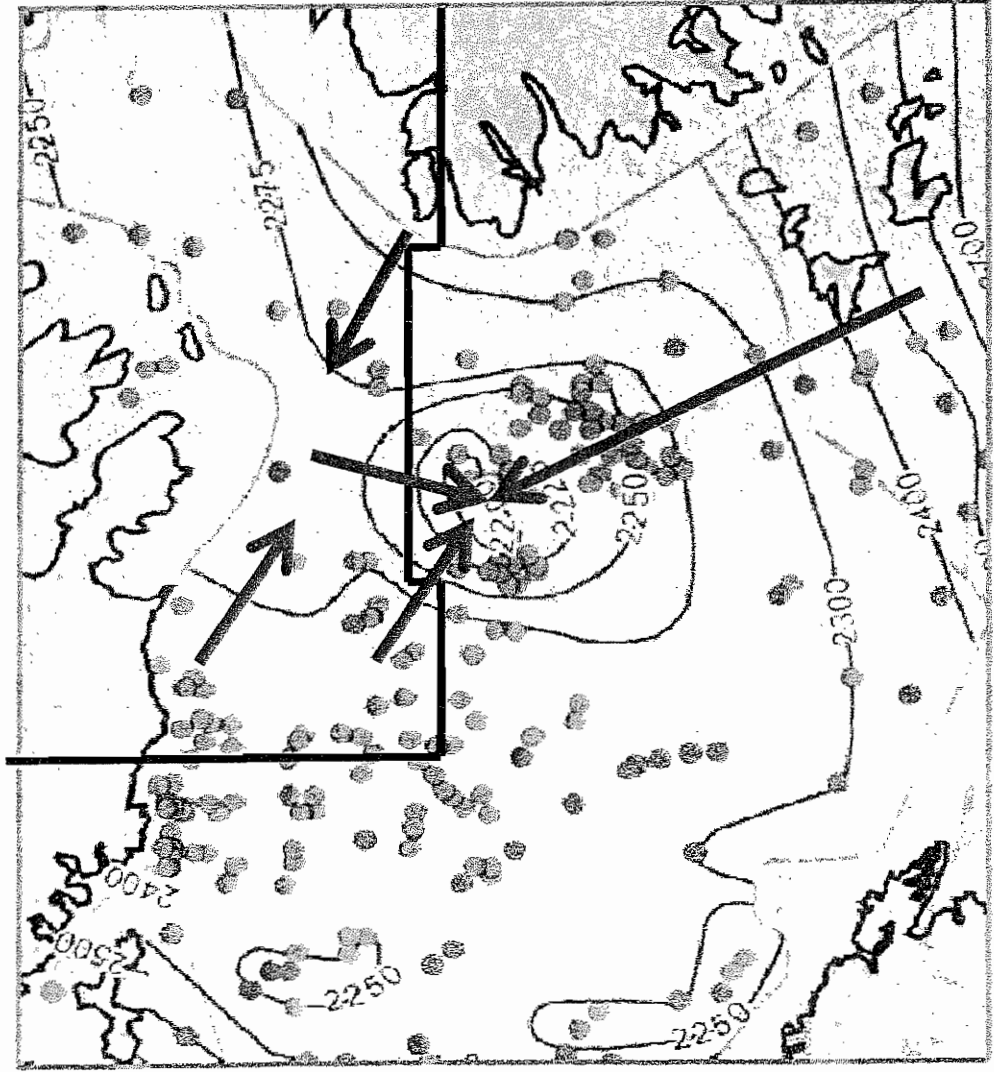

Direction of Groundwater Flow

1915 Groundwater Levels (Durbin, 1978), arrows and EAFB boundary added

1915 Groundwater Levels (Durbin, 1978), arrows and EAFB boundary added

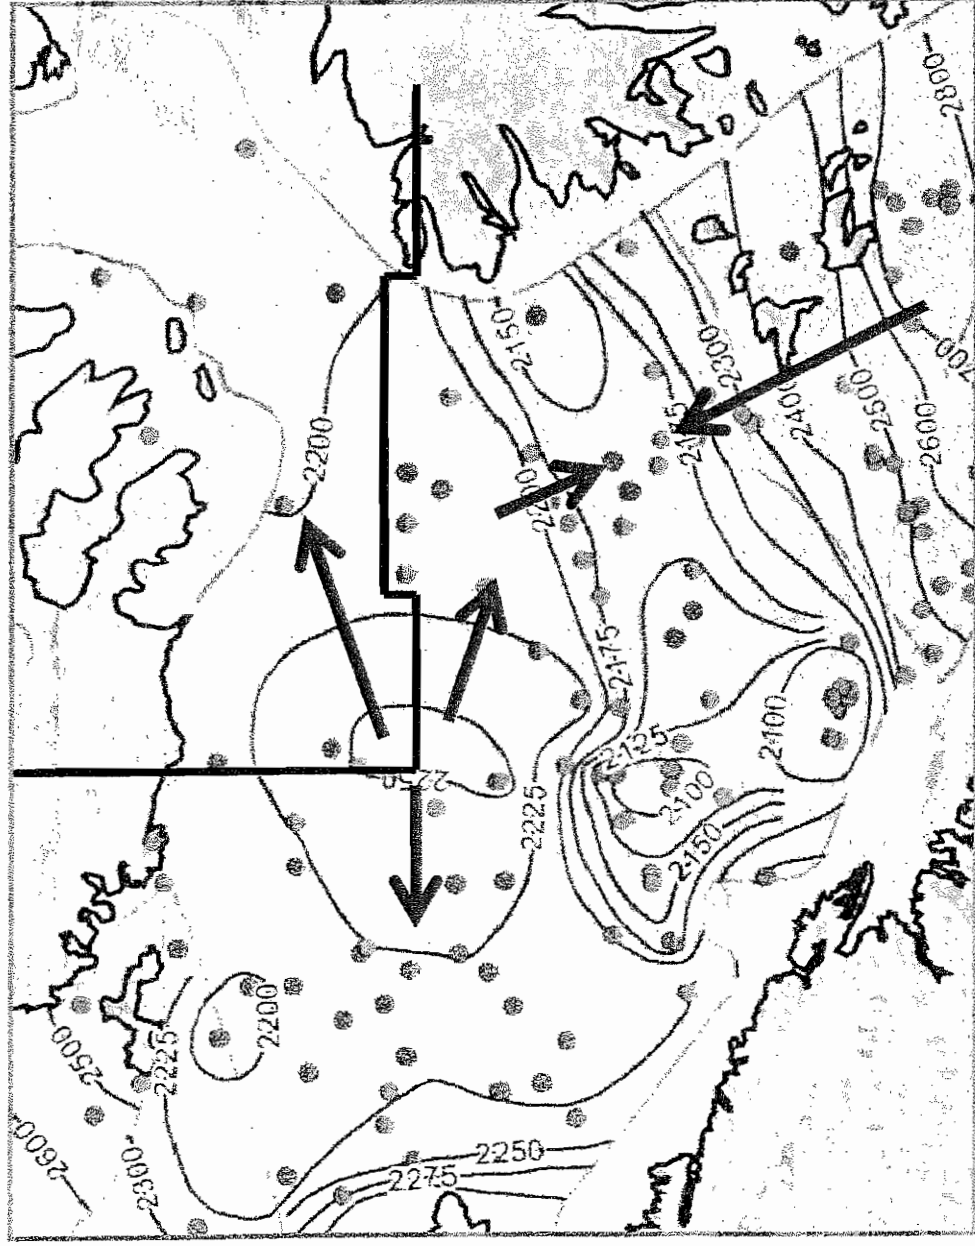

1951 – Large Cone of Depression South of EAFB

- Inflow from the recharge areas to the south stopped
- Groundwater in southwest corner of EAFB pulled to south

1951 Groundwater Levels, Modified from Wildermuth Exhibit 20, arrows and EAFB boundary added

EAFB - Isolated from Recharge

- Groundwater divides in vicinity of southwest boundary of EAFB
- EAFB mining groundwater

2009 Groundwater Levels, Modified from Wildermuth Exhibit 28, arrows and EAFB boundary added
