MINUTE ORDER:

CASE MANAGEMENT CONFERENCE

The Court and the parties held a 45-minute discussion on the schedule for the next phase of trial commencing on September 28.

The Court confirmed that in Phase 4, the court did hear and take evidence, upon notice, most of which occurred by way of declarations under penalty of perjury, all of which the Court reviewed; there was no opposition by any party to any of the declarations or evidence contained therein. The Court reviewed and found good cause that the facts were established at that point and made findings as to the volume of water the State pumped in those particular years by each of the parties who presented that evidence to the Court. Subsequent parties entering into the settlement stipulation, that wish the Court to make a finding of fact as to the amount of water that they have pumped in particular years, will have the same burden. Objections and cross-examinations of evidence submitted by the newly stipulating parties shall take place after the prove-up and presentation of evidence as to non-stipulating parties and defaults. The court confirmed that it made findings of fact based upon the evidence submitted in Phase 4, that is part of the partial statement of decision in this case.

The Court confirmed that any further stipulations to the settlement may be filed up to September 28, 2015, but preferably as soon as possible, so that any objections thereto may be filed within seven (7) days thereafter.

The Court issues no rulings as to the various schedules proposed by the parties in their case management statements.

The Court also confirmed the location of the hearing commencing on September 28, 2015 shall be Stanley Mosk Court House, Room 222, 2nd Floor, Superior Court of California, County of Los Angeles, 111 N. Hill Street, Los Angeles, California 90012.

EX PARTE APPLICATION TO SUBSTITUTE CLAN KEITH REAL ESTATE INVESTMENTS, LLC, DBA LEISURE LAKE MOBILE ESTATES IN PLACE OF CROSS-DEFENDANTS GOODYORK CORPORATION AND LANDCASTER SUMMIT PROPERTIES, LTD. – Attorney Lucas Quass is present on the line. The matter is unopposed and the request is granted.

5 MARK STEVEN RITTER,
6 having been first duly sworn by the reporter,
7 was examined and testified as follows:

8
9 EXAMINATION

10 BY MR. O'LEARY:

11 Q Let me have you start by stating your name and
12 spelling it, please.

13 A Full name?

14 Q Yeah, full name, please.

15 A Mark Steven Ritter, M-a-r-k, S-t-e-v-e-n,
16 R-i-t-t-e-r.

17 Q Okay, Mr. Ritter, my name is Dan O'Leary. I'm
18 going to be taking your deposition. We're going to move
19 pretty quick. You're not going to be here very long,
20 but there's a couple ground rules that I want to make
21 clear at the beginning.

22 Number one, the most important, the oath just
23 administered by the court reporter is the same oath you
24 would take if this were a courtroom with the judge and
25 jury present.

1 Do you understand that?

2 A Uh-huh.

3 Q Number two, you have to make your answers
4 verbal. So you're communicating when you say "Uh-huh,"
5 but it doesn't show up well in the transcript. So I
6 might prod you for a "yes" or a "no," okay?

7 A Okay.

8 Q So yes, you understand the significance of the
9 oath that was just administered?

10 A Yes.

11 Q Okay. Like I said, this will be pretty quick,
12 I think. Nevertheless, it's not a contest of endurance.
13 If you want to take a break for any reason or speak with
14 your lawyer, let me know, and I will accommodate you,
15 okay?

16 A Yeah.

17 Q All right. Let me start off by asking you
18 this: When did you first learn about groundwater
19 litigation in the Antelope Valley?

20 A I don't remember exactly when it was. Probably
21 whenever everybody else found out about it.

22 (Interruption. Mr. McElhaney joins the deposition via
23 telephone.)

24 BY MR. O'LEARY:

25 Q All right. Let me ask you to repeat that

1 answer.

2 A Whenever all the other farmers found out about
3 it.

4 Q Okay. Any estimate for us as to how long ago
5 that was?

6 A It was a long time. I don't know. It must
7 have been 15 years ago, I guess.

8 Q Okay.

9 A Something like that.

10 Q Okay. Your mother was still alive at the time?

11 A Yeah.

12 Q All right. And how did you learn about it if
13 you recall?

14 A I think just all the other farmers talking
15 amongst ourselves, you know.

16 Q Okay. Any particular group? Farm Bureau? 4H?

17 A The neighbors next door, Maritorena Farms
18 because they're the ones that had the meeting about this
19 right away.

20 Q Okay. Did you attend that meeting?

21 A Yeah.

22 Q Okay. And your best estimate is somewhere in
23 the range of 15 years ago?

24 A Yes.

25 Q All right. Did your mom attend that meeting?

1 A No.

2 Q Anyone else in your family?

3 A No.

4 Q Okay. You currently farm alfalfa in the
5 Antelope Valley; is that right?

6 A Yes.

7 Q Am I right that the address, this property
8 address, the property where you do that farming is 51201
9 90th Street West?

10 A Yes.

11 Q Lancaster?

12 A Yes.

13 Q And that property is served by two groundwater
14 wells?

15 A Yes.

16 Q And that was true at the time you first learned
17 about the groundwater litigation?

18 A Yes.

19 Q Okay. Do you live at that address?

20 A Yes.

21 Q How long have you lived there?

22 A Since probably 1982.

23 Q All right. Continuously?

24 A Yeah.

25 Q Did your father live at that address while he

1 was alive?

2 A No.

3 Q Okay. And how about your mother?

4 A No.

5 Q Have you been involved in farming that land
6 continuously since 1982?

7 A Yes.

8 Q All right. You mentioned that the groundwater
9 litigation was discussed among farmers and there was a
10 meeting maybe 15 or so years ago at a neighboring farm.
11 Anything after that, in that time period, that you
12 recall regarding litigation involving groundwater
13 pumping rights in the Antelope Valley?

14 A You mean did I hear of anything after that?

15 Q Yeah. And I'm not talking about in the last
16 year or two, but back in 2000, early 2000s?

17 A No.

18 Q Okay. Do you recall ever being served with any
19 legal documents related to groundwater litigation at
20 your property in Lancaster, you personally?

21 A No.

22 Q Do you know if your mom ever was?

23 A Yes.

24 Q What do you know about that?

25 A I don't know if it was legal, or what it was.

1 It was just something she got in the mail telling her
2 about this groundwater thing.

3 Q Do you remember when that was?

4 A No, I don't remember when that was.

5 Q All right. Your mom passed in 2010?

6 A Yes.

7 Q Okay. So sometime before 2010?

8 A Yes.

9 Q And kind of a broad question, but between 2000
10 or whenever this first meeting was at the neighboring
11 ranch and the time your mom passed, did you have any
12 involvement beyond conversational with other farmers
13 regarding groundwater pumping rights?

14 A No.

15 Q Okay. The lawyer to my left is Michael Fife.
16 He introduced himself to you before we started. You
17 never met him before?

18 A No.

19 Q To your knowledge, have you ever had any
20 communications with him or his law firm?

21 A No.

22 Q Okay. And excluding Mr. Brumfield, your
23 lawyer, in the last 15 years, have you had any
24 conversations with any lawyers regarding your
25 groundwater pumping rights?

1 A No.

2 Q The farm at 51201 90th Street West, am I right
3 that when your mom was alive in 2009 and '10, that that
4 land was owned by your parents' trust?

5 A Yes.

6 Q Your mom served as trustee at the time?

7 A Yes.

8 Q And you were the beneficiary of that trust, if
9 you know?

10 A The trustee of the trust.

11 Q Well, your mom was the --

12 A Well --

13 Q Go on.

14 A You mean the beneficiary of that land or of the
15 trust?

16 Q Well, that's good. Let me ask it this way.

17 Under your parents' trust, did you stand to
18 come in title of that land upon your mom's passing?

19 A Yes. I think we pretty much figured that at
20 the time.

21 Q Okay. Do you have any brothers and sisters?

22 A Yes.

23 Q Okay. Do they have any involvement in that
24 ranch?

25 A No.

1 Q And have they at any time in the past?

2 A No.

3 Q It's always been you?

4 A Uh-huh.

5 Q That's a "yes"?

6 A Yes.

7 Q Okay. Did your mom serve as the trustee of the
8 Ritter Family Trust until her death?

9 A Yes.

10 Q Okay. And I understand you're the successor
11 trustee?

12 A Yes.

13 Q Were you the successor trustee under the trust
14 instrument itself? In other words, if you know, did the
15 trust instrument appoint you to be trustee upon your
16 mom's passing? You may not know.

17 A That's the way she wrote it up in her trust --

18 Q Okay.

19 A That I was the trustee.

20 Q Okay. Thank you. And when your -- let me ask
21 you this way. Upon your mom's death, were any court
22 proceedings instituted as a result of the trust?

23 A No.

24 Q Okay. No court to have you appointed as
25 successor trustee?

1 A Yes.

2 Q And it did strike you as accurate?

3 A Yes.

4 Q So specifically -- let me ask you this.

5 Prior to the time you retained Mr. Brumfield,

6 had you ever heard of the Antelope Valley Groundwater

7 Agreement Association which we refer to as AGWA

8 typically?

9 A Yes.

10 Q How so?

11 A Just from other farmers.

12 Q Okay. Going back what period of time?

13 A Four or five years probably.

14 Q Did you ever consider yourself a member of the

15 Antelope Valley Groundwater Agreement Association?

16 A No.

17 Q Do you know whether your mom ever considered

18 herself a member of that association?

19 A I don't know.

20 Q You don't know, or she did not?

21 A I don't know, but I would say no.

22 Q Okay. Did you ever have any conversations that

23 you recall with your mom about AGWA?

24 A No.

25 Q Okay. Did you ever have any conversations with

1 your mom about the groundwater litigation going on in
2 the Antelope Valley?

3 A After the first meeting --

4 Q Yeah.

5 A -- that we went to, I discussed it with her.

6 Q Okay. And do you recall what you guys
7 discussed?

8 A Well, at that time, it was kind of in its first
9 stages, you know. But they were talking about getting
10 lawyers to fight this whole deal, and then it could take
11 10 to 15 years and this and that.

12 MR. O'LEARY: And low and behold.

13 MR. BRUMFIELD: Here we are.

14 THE WITNESS: So I told her that. And she kind
15 of got mad and said, "There's no way we're going to pay
16 lawyers for 15 years for -- because we've already got
17 water rights anyway." I mean this is, you know -- you
18 know how most people would react.

19 BY MR. O'LEARY:

20 Q Okay. So to your knowledge, did your mom ever
21 retain a lawyer with respect to the groundwater
22 litigation?

23 A No.

24 Q Okay. And did you ever retain a lawyer prior
25 to Mr. Brumfield?

1 is this. Your mom died in 2010?

2 A Yeah.

3 Q And then you transferred the property out of --
4 I guess in 2015?

5 A Uh-huh.

6 Q Right?

7 A Yes.

8 MR. BRUMFIELD: Is that "yes"?

9 THE WITNESS: Yes.

10 BY MR. O'LEARY:

11 Q Okay. And the transfer, was that -- why did
12 you do it? What was it about that time that caused you
13 to do it?

14 A Well, we just put it off long enough, so we
15 figured we better get it done.

16 Q Right. And did the specific reason have
17 anything to do with the status of your property with
18 respect to the groundwater litigation?

19 A No.

20 Q Okay. And the affidavit is dated January 2015.
21 It was recorded in L.A. County in September. Do you
22 know why there was a delay of a little over eight
23 months?

24 A That's kind of the way things get done around
25 the house. They get pushed back, and they get forgot

1 Q Okay. You also brought with you today what
2 I'll have marked as Exhibit 3, which is a grant deed
3 recorded in L.A. County the same day as Exhibit 2.

4 (Exhibit 3 was marked for identification.)

5 BY MR. O'LEARY:

6 Q And if you could look at Exhibit 3, Mr. Ritter.
7 I'm just going to -- the question is going to be: Is
8 this prepared for the same reason, just to effectuate
9 the transfer of the property to you?

10 A Yes.

11 Q You and your wife?

12 A Yes.

13 Q Okay. You can put that aside then. Exhibit 1,
14 your declaration, indicates that at least for some
15 period of time the property was farmed as a partnership
16 between you parents and Forrest Godde, G-o-d-d-e?

17 A Godde.

18 Q Godde. Okay. Do you know what period of time
19 they were in partnership on that property?

20 A Ever since they bought it back in -- I don't
21 know when exactly they brought that property, but it was
22 a long time ago when I was just a kid.

23 Q Okay. 1970s maybe?

24 A I thoughts it was 70s, but I think it may have
25 been before that.

1 Q Okay. But okay, a long time?

2 A Uh-huh.

3 Q Sufficient for my purposes?

4 A Yes.

5 Q And Mr. Godde, as I understand it, died
6 in 2009? Does that sound right?

7 A Yes.

8 Q Did the partnership continue up until his
9 death?

10 A Yes.

11 Q Did you ever have any conversations, you
12 personally, with Mr. Godde regarding the groundwater
13 litigation?

14 A No.

15 Q Do you know whether he was a member of the
16 Antelope Valley Groundwater Agreement Association?

17 A From what I heard, he was for awhile. But then
18 he got out of it was the last thing I heard.

19 Q Okay. And, you know, who did you hear that
20 from?

21 A I don't know. It could have been a couple of
22 guys that work with me. *Gorge Webb. He may have said
23 something about it.

24 Q All right. Any conversation with Mr. Godde
25 himself about it?

1 A No.

2 Q And do you know whether or not Mr. Godde was a
3 member of the Groundwater Agreement Association? Do you
4 know whether he had ever retained a lawyer to deal with
5 the groundwater litigation?

6 A No.

7 Q It's a man, right, Forrest Godde?

8 A Yes.

9 Q Okay. Let me ask you to look at what I'll mark
10 as Exhibit 4. It's a November 3, 2015, letter from
11 Mr. Fife to Mr. Brumfield.

12 (Exhibit 4 was marked for identification.)

13 MR. BRUMFIELD: Have you ever seen that letter
14 before?

15 BY MR. O'LEARY:

16 Q I suspect you may not have, but feel free to
17 read it. You're entitled to do that. But my questions
18 are kind of -- I'm using this as kind of a jumping off
19 point to ask you some questions which in fairness you
20 may not know the answer to.

21 If you look at the second paragraph, there is a
22 sentence that reads, "Sometime in 2005, the Ritters
23 approached me about joining the group of defendants that
24 my firm represents in the Antelope Valley adjudication."

25 Do you know who in your family may have

1 approached Mr. Fife in 2005 about joining the group of
2 defendants which is the Antelope Valley Groundwater
3 Agreement Association?

4 A It must have been me.

5 Q Okay.

6 A I remember calling and talking --

7 THE WITNESS: I guess it was to you.

8 BY MR. O'LEARY:

9 Q So let me give you a little bit of what we call
10 an admonition. I'm entitled to what you know. I'm
11 entitled to find out today what you remember to the --
12 your obligation of course to tell the truth, the whole
13 truth, and nothing but the truth.

14 I'm not entitled nor do I want you to guess or
15 speculate, all right? So, for example, if you know that
16 sometime, a long time ago now, you called a lawyer about
17 this who was maybe representing other parties, I'm
18 entitled to find out about at least the fact that you
19 called, maybe not what you talked about.

20 But if you're not sure who it was and Mr. Fife
21 doesn't ring a bell in your mind, then that would be a
22 guess. I know that's not the greatest example.

23 A I called and talked to Nebeker.

24 Q Okay. Gene Nebeker?

25 A Yeah. We had a long conversation on the phone.

1 That must have been in 2005 when that happened, I guess.

2 THE WITNESS: And then I -- I don't remember
3 talking to you. I thought I left a message.

4 MR. BRUMFIELD: You mean to Mr. Fife?

5 THE WITNESS: Yeah.

6 MR. BRUMFIELD: Just so we're clear.

7 THE WITNESS: Then I talked to somebody else,
8 and he seemed to be a real nice guy. He kind of
9 discussed things with me and said he really couldn't
10 tell me anything. I don't know if it was another
11 lawyer, or who it was. It's been so long ago, I can't
12 remember.

13 BY MR. O'LEARY:

14 Q Yeah. Okay. And so is it your recollection,
15 such as it is, that Mr. Nebeker gave you a number of a
16 lawyer to call?

17 A That must be.

18 Q All right.

19 A He must have gave me a number.

20 Q And any time since then, have you had
21 conversations with Mr. Nebeker about litigation?

22 A No.

23 Q Okay. You just remember one long --

24 A I think that was the last time I talked to him
25 about it.

1 Q One long conversation probably in 2005?

2 A Uh-huh.

3 Q Yes?

4 A Yes.

5 Q Okay. And was your mom actively involved in
6 any of this at the time?

7 A Not as far as I know.

8 Q Okay. Other than she had an objection to 15
9 years of legal fees?

10 A Yes.

11 Q Yeah. Okay. That paragraph, it goes on to
12 say, "Subsequently however" -- I'm skipping a sentence
13 or two. "They," meaning the Ritters, "refused to sign
14 any of the necessary representation documents such as
15 the fee agreement and conflict waiver for the group."

16 Do you see where I'm reading?

17 A Uh-huh.

18 Q Yes?

19 A Yes.

20 Q At any rate, would it be your testimony that
21 you never signed up with any firm or lawyer --

22 A No.

23 Q -- back in 2015?

24 A No.

25 Q What I said is correct?

1 A Yes.

2 Q Okay. And then the last sentence of that
3 paragraph says, "They" -- meaning the Ritters again --
4 "represented that they did not want to be a part of this
5 group of defendants and did not want to be represented
6 by my firm in the adjudication."

7 Is that consistent with your recollection?

8 A Yes.

9 Q In other words, there was some kind of
10 communication in which you said, "No, thank you. We're
11 not going to join the group"?

12 A I don't think I ever said "No." I think I
13 just, you know, never talked to anybody again about it.
14 That could have been the first time that I talked to my
15 mother about this maybe.

16 Yeah, because I don't know when all this
17 started, but 2005 ain't that far from '99 or 2000,
18 whenever the farmers started doing this. That could
19 have been that time when she told me, "No, we don't want
20 to get involved in this for 20 years," or whatever.

21 Q Okay. And is it correct then that you and your
22 mom, to your knowledge, never paid any attorneys any
23 money --

24 A No.

25 Q -- before you hired Mr. Brumfield for work

1 related to groundwater rights in the Antelope Valley?

2 A Before, no.

3 Q I don't want to know what -- I'm not going to
4 ask about your fee arrangement with Mr. Brumfield, your
5 current lawyer. I just want to know -- so 2005, no
6 money was paid?

7 A No.

8 Q All right. Let me ask you to look at what will
9 be marked Exhibit 5.

10 (Exhibit 5 was marked for identification.)

11 BY MR. O'LEARY:

12 Q Mr. Ritter, I will represent to you that
13 Exhibit 5 is a copy of a document filed in the
14 groundwater litigation back in January 2007, okay?

15 A Yes.

16 Q Have you ever seen it before?

17 A No.

18 Q In the block listing at the top of the parties
19 represented by the Hatch & Parent firm, do you see the
20 name of your father?

21 A Yes.

22 Q He was deceased in 2007?

23 A Yes.

24 Q And then your mom, Paula E. Ritter is listed?

25 A Yes.

1 Q And Paula E. Ritter as trustee of the Ritter
2 Family Trust?

3 A Yes.

4 Q And she was in fact trustee of the Ritter
5 Family Trust as of 2007?

6 A Yes.

7 Q Okay. That's it for that document.

8 Let me have you look at Exhibit 6.

9 (Exhibit 6 was marked for identification.)

10 BY MR. O'LEARY:

11 Q And I'll represent to you this is also a
12 document that came from the docket in the groundwater
13 litigation. No reason for you to have ever seen it
14 before, but it's a Notice of Acknowledgment of Receipt,
15 Civil. It's dated June 10, 2009.

16 Do you see at the bottom where Paula E. Ritter
17 Trustee is handwritten in?

18 A Yes.

19 Q Do you recognize your mom's writing there?

20 A Yes.

21 Q And the signature Paula E. Ritter Trustee to
22 the right of that?

23 A Yes.

24 Q It's your mom's signature?

25 A It looks like it.

1 death, did the trust contain real property other than
2 the ranch which you got?

3 A Yes.

4 Q Okay. How much property was in the trust? Do
5 you know generally? Acreage?

6 A Well, I mean just the -- the only real property
7 was the 150 acres that I got that I'm farming.

8 Q Okay.

9 A The other ones were two and a half acres here
10 and there, you know, and then where she lived, and then
11 the house next door. And they got a piece of property
12 by the freeway and then a couple of other lots out in
13 the desert, you know.

14 Q Okay. And these were all properties -- prior
15 to your mother's death, these were all real properties
16 that were contained in the trust?

17 A Yes.

18 Q But they were distributed to your sister. Did
19 that happen upon your mother's death?

20 A After.

21 Q 2010?

22 A Or after. Whenever. Whenever we got all that
23 stuff run through the, you know, the -- to get it put in
24 her name, and then that property put in my name.

25 Q Okay. So when you said "her" just now, you

1 approximately 15 years ago. Is that a fair statement?

2 A Yes.

3 Q And when you became aware of the groundwater
4 adjudication about 15 years ago, were you aware that the
5 adjudication could impact the rights that you may have
6 or your mother may have had with respect to groundwater
7 pumping?

8 MR. BRUMFIELD: I'll just object as calling for
9 a legal conclusion.

10 But you can answer to the extent you have any
11 understanding.

12 THE WITNESS: Well, I guess we thought it could
13 happen, but I mean this is America. You have water
14 rights. That's what we thought.

15 BY MR. WELLEN:

16 Q Okay. And your understanding that this is
17 America and you have water rights, what is that based
18 on? Is it a conversation with someone?

19 A No, that's just what I believe.

20 Q Okay. And what is the basis for that belief?

21 A Well, your water rights are -- that's supposed
22 to be the most rights you have, the way they talk about
23 it, water rights anywhere. I mean they used to fight
24 over this stuff, you know, shoot each other. And that's
25 kind of what I thought.

1 I thought, you know, I never broke the law. I
2 never did anything. I'm sitting here running my life,
3 farming, and then somebody comes along and sues me for
4 water. "This is ridiculous," I thought. I mean my
5 mother felt the same way. It's just terrible. It's
6 just terrible.

7 Q Well, roughly 15 years ago when you first
8 learned about this case, did you think it was necessary
9 to appear in court to protect your water rights?

10 A No.

11 Q Did you -- when was first time you spoke with a
12 lawyer about the adjudication?

13 A I guess when I talked to Mr. Fife that one time
14 on the phone.

15 Q Okay. And when was that?

16 A I don't remember. I don't remember it, but...

17 Q Have you spoken to any other attorneys
18 regarding the Antelope Valley Groundwater Adjudication
19 other than Mr. Brumfield and Mr. Fife?

20 A No.

21 Q And when did you first retain Mr. Brumfield?

22 THE WITNESS: When was that?

23 MR. BRUMFIELD: I know it's in a filing with
24 the court, but I think I said the legal representation
25 agreement was signed mid-September.

1 A I've never looked at it.

2 Q Before you retained Mr. Brumfield as your
3 attorney, did you ever contact the court regarding the
4 Antelope Valley Groundwater Adjudication?

5 A No.

6 Q Before you retained Mr. Brumfield, did you make
7 any sort of effort to learn anything about the
8 groundwater adjudication?

9 A No.

10 Q Okay. So is it fair to say that you knew about
11 the groundwater adjudication, you knew that it could
12 have an impact on your water rights, but you waited
13 until September of 2015 before you first contacted a
14 lawyer?

15 A Yes.

16 Q Before you contacted a lawyer, did you ever
17 attempt to file anything with the court regarding the
18 Antelope Valley Groundwater Adjudication?

19 A No.

20 Q Prior to retaining Mr. Brumfield, did you ever
21 read any documents that had been filed in the Antelope
22 Valley Groundwater Adjudication?

23 A No.

24 Q Before you hired Mr. Brumfield, had you ever
25 read any orders issued by the Court in the Antelope

1 Valley Groundwater Adjudication?

2 A No.

3 Q Other than Gene Nebeker who you spoke with
4 roughly around 2005, have you spoken with any other
5 members of AGWA regarding the Antelope Valley
6 Groundwater Adjudication?

7 A No, not at length. I mean just in passing.

8 Q Do you recall the contents of any of those
9 passing conversations?

10 A No. They're usually, you know, "This thing is
11 going to take another ten years," and this and that, you
12 know. That's about all it was.

13 Q You testified that at some point around
14 September of 2015 you spoke with some farmers and said
15 the case is coming to a close and you should retain a
16 lawyer. Do you recall having many conversations with
17 those same farmers earlier where you discussed this
18 case?

19 A No.

20 Q Was that the first time that anyone had told
21 you that you ought to get a lawyer to represent your
22 interest in the Antelope Valley?

23 A Nobody told me I should. I just decided on my
24 own about that time. So I went to my neighbor Charlie
25 Tapia because he had Mr. Brumfield as his attorney and

1 got his phone number and talked to him.

2 Q Was that the first time that you spoke to
3 Mr. Tapia about the lawsuit?

4 A Yes.

5 Q So now I'm a little bit confused, which some
6 people would say is my natural state. So you decided to
7 retain an attorney based on what farmers told you, or
8 was it because of a decision that you made on your own?

9 A Just from what I've been hearing from other
10 farmers. You know, this case is getting close to an
11 ending, and I'm thinking, "Well, I never thought I'd see
12 the end of this thing, but maybe I better talk to a
13 lawyer just to see what's happening."

14 Q So it was your understanding that the case was
15 drawing to a close that prompted you to want to talk to
16 a lawyer? Is that fair to say?

17 A Yes.

18 Q Was there any other reason why you thought it
19 would be necessary to talk to a lawyer?

20 A Just to protect my water rights.

21 Q Okay.

22 A I pretty much figured by the time this thing
23 got said and done, the judge would probably just give
24 everybody that's farming, you know, whatever percent of
25 water they're supposed to have or whatever they come up

1 with, and that would be the end of it.

2 Q And when did you first form the belief that
3 that's what the judge would do?

4 A A few years ago I kind of figured that much
5 out.

6 Q By "a few," do you just mean a couple of years
7 or maybe longer than that?

8 A Just a few years ago probably.

9 Q And when you developed the belief that the
10 judge would divide up water rights based on what people
11 were farming, was that something that you thought of on
12 your own, or did that come out of a conversation with
13 someone?

14 A No, that's just something I thought up on my
15 own. I would figure that would be the fair way to do
16 it, you know. If they're going to do it, they're going
17 to have to do it fair.

18 Q And when you formed the idea that that's how
19 the judge would resolve the case, did you undertake any
20 effort to speak with someone who has knowledge about
21 water rights cases?

22 A No.

23 Q Did you try to read anything on the Internet?

24 A No.

CLASS ACTION

Santa Clara Case No. 1-05-CV-049053

**REQUEST OF MARK RITTER,
SUCCESSOR TRUSTEE OF THE RITTER
FAMILY TRUST AND CO-TRUSTEE OF
THE MARK S. RITTER AND DANA E.
RITTER REVOCABLE TRUST TO
ALLOW PRESENTATION OF EVIDENCE
AS TO WATER USAGE IN PHASE VI
TRIAL**

29 COMES NOW Mark Ritter, Successor Trustee of the Ritter Family Trust and Co-Trustee
30 of the Mark S. Ritter and Dana E. Ritter Revocable Trust, and requests to be allowed to present
31 evidence as to water usage in the Phase VI trial and, in support thereof, alleges as follows:

32 1. Mark Ritter first met with undersigned counsel on August 14, 2015 to discuss
33 possible representation in this case. Terms of representation were agreed to as of September 21,
34 2015.

35 2. Prior to formalizing the representation, and to make sure that the court and all

1 parties were aware of my clients claim as to water usage, I caused to be filed a Case Management
2 Conference Statement with this court on September 3, 2015 in advance of the September 4, 2015
3 Case Management Conference. That Statement, which is Document # 10388 on the court's
4 docket, and among other things, indicated the following (which is italicized for ease of reference):

5 *Mark Ritter's mother, Paula E. Ritter, and his father, Edgar C. Ritter, were formerly the*
6 *Trustees of the Ritter Family Trust. According to the attorney for the Antelope Valley Ground*
7 *Water Agreement Association ("AGWA"), Michael T. Fife, the Ritter Family Trust was*
8 *approached about becoming involved as a part of the AGWA in this litigation.*

9 *While Mark Ritter does not know what exactly happened, as both his father Edgar and*
10 *mother Paula are now deceased, undersigned counsel searched the court's docket and*
11 *determined that an answer and cross complaint was filed by Mr. Fife's office on behalf of Edgar*
12 *C. Ritter, Paula E. Ritter, and Paula E. Ritter as Trustee of the Ritter Family Trust, with the*
13 *answer being filed January 2, 2007 and a first amended cross-complaint of the AGWA being filed*
14 *January 26, 2007. Mark Ritter was unaware of these filings until undersigned counsel located*
15 *them just prior to a meeting with Mr. Ritter on August 14, 2015. Thereafter, Mr. Ritter engaged*
16 *undersigned counsel to represent him in this case.*

17 *Counsel for the AGWA has indicated that nothing was done on behalf of the Ritter Family*
18 *Trust, despite the fact that Mr. Fife's firm continues as counsel of record for the Ritter Family*
19 *Trust, and now the Ritter Family Trust finds it in a position where it's counsel of record did not*
20 *take steps to represent its client nor did it not substitute out of said representation. All of these*
21 *actions occurred prior to the time Mark Ritter was successor trustee and prior to the time Mark*
22 *Ritter ever even knew about this particular litigation.*

23 *The Ritter Family Trust does pump groundwater every year and primarily grows alfalfa.*
24 *Records are currently being obtained as to its water production which has occurred for many*
25 *years in the past.*

26 *In fairness to the Ritter Family Trust, undersigned counsel would request that the court*
27 *sever it from the upcoming trial in September 28, 2015, and allow it the opportunity to produce*
28 *documents as to its water usage and to conceivably be included in a settlement or at least allow*

1 *at the opportunity to prove up its use at a subsequent hearing.*

2 *Counsel does not want to unduly delay the issues, but because of the representation issue*
3 *referenced above and now the obvious need of the Ritter Family Trust to protect his own interests*
4 *and obtain its own counsel, this request is being made in fairness. Undersigned counsel will also*
5 *request that Mr. Fife's office formally execute a substitution of attorneys substituting in Brumfield*
6 *& Hagan in place of Mr. Fife's firm. Accordingly, the Ritter Family Trust requests that it be*
7 *allowed time to gather such documents and evidence as may be necessary to support its claims in*
8 *these cases and to present that to the court at a later time.*

9 3. It was either at the September 4, 2015 or September 21, 2015 Case Management
10 Conference that the claim of my client was discussed on the record. While the court did not
11 indicate that the claim would be severed as requested in the above-referenced referenced Case
12 Management Conference Statement, the court did state that the claims of my clients would be
13 trailed to allow my clients an opportunity to gather and present evidence as to water usage in the
14 hopes that an agreed resolution of their claims could occur.

15 4. Undersigned counsel has worked diligently to obtain electrical consumption
16 information, all of the Hydraulic Tests performed by Southern California Edison, history of crop
17 production and land ownership, and are filing today a declaration of Mark Ritter as to water
18 usage. That declaration shows that over the past 23 years, the average annual water usage on the
19 150 acres on which alfalfa is grown is 803.3 acre-feet per year. The fact of my client's water
20 usage and the extent thereof certainly should not come as a surprise to parties who know of my
21 client's long presence in the Antelope Valley area and certainly should not be a surprise to any
22 member of AGWA. My client and his family have farmed in the Antelope Valley for well over
23 40 years.

24 5. As to the Substitution of Attorney issue, which is referenced in "Richard Wood's
25 Objection To Purported Claim Of Ritter Trust" filed in this case on November 2, 2015, which
26 Objection is Document #117018 on the court docket, undersigned counsel thought a Substitution
27 had already been sent to Mr. Fife's office but upon being alerted that it had not been filed as of
28 yesterday by Mr. McLachlan, a Substitution was promptly prepared, signed, and forwarded to Mr.

1 Fife to sign and return the same to my office for filing. As of this particular time, I have not
2 received the signed Substitution back from Mr. Fife although he has indicated he will sign and
3 return it to my office today for filing.

4 6. As to the presentation of evidence by my client, I do not believe that would take
5 more than an additional day of court time, and likely less time than that. The items of evidence
6 that would need to be submitted in support of my clients claim include the following:

7 a. Hydraulic Test results and records of electrical consumption. I would
8 suspect that the Hydraulic Test results and the amount of water pumped would be
9 agreed to be submitted without objection as these are simply records from SCE
10 and which can be verified by Mr. Koch as has been done by him throughout this
11 trial as to various parties' water usage.

12 b. Records of property ownership. Certified copies of the documentation can
13 be obtained from the Los Angeles County Recorder's Office and would
14 conceivably be subject to judicial notice. It would seem as though this evidence
15 would be submitted with little or no objection.

16 c. Proof of actual farming operations. This would likely require the personal
17 testimony of Mr. Ritter and the production of records that show production from
18 the property in question.

19 7. The undersigned is aware of what types of information has been requested
20 through recent discovery occurring after the time the undersigned became involved in this case on
21 behalf of Charles Tapia, which is approximately one year ago. Also, Mr. Ritter would be
22 available for deposition in the near future should any party so desire to conduct and participate in
23 the same and to produce such further information as may be requested to the extent that the same
24 is discoverable under California law.

25 8. In addition, it is submitted that this situation is somewhat similar to that with
26 Robar. It seems that if Robar can have its evidence heard later, there is no reason that the Ritter's
27 cannot be heard at that same later time. Under the proposed Judgment, at Section 5.1.10 thereof,
28 undersigned counsel understands that the Judgment contains a pool of over 5,000 acre-feet to be

1 used to accommodate claims of non-stipulating parties, and that less than 100 acre-feet has been
2 allocated as of this time. Accordingly, there seems to be sufficient water provided in the
3 judgment for the Ritter's claimed usage.

4 9. On behalf of the undersigned's clients, we are requesting that the court set aside
5 time in the future to allow testimony and presentation of evidence by Mr. Ritter as to the
6 aforementioned water usage in connection with the growing of alfalfa in the Antelope Valley. As
7 to timing for presentation of testimony, sometime during the weeks of December 7, 2015 or
8 December 14, 2015 would be preferable. If those cannot be accommodated, counsel would
9 suggest after the New Year.

10 WHEREFORE, Mark Ritter, Successor Trustee of the Ritter Family Trust and Co-Trustee
11 of the Mark S. Ritter and Dana E. Ritter Revocable Trust requests that in the interest of justice he
12 be allowed to present evidence as to water usage in the Phase VI trial on such terms as the court
13 may deem just and proper under the circumstances.

This rate analysis is based on applicable Southern California Edison (SCE) rates and is provided to illustrate potential bill impacts to help you evaluate your current rate and/or compare alternative SCE rates or rate options. While this rate analysis provides accurate rate calculations, it is based on certain assumptions for usage and applicable rate factors. The results of this analysis are based on actual historical usage, consumption and/or assumptions about future energy consumption patterns and amounts. SCE can neither predict nor guarantee any actual cost savings or increases due to the changes in usage variables or applicable rate factors such as: operating hours, equipment, kW charges, weather patterns, service voltage, firm service levels, taxes, and added facilities charges. Changes to these numerous variables will affect actual costs. This rate analysis is intended to compare selected rate schedules and may not include all of your rate options. Please contact SCE for more information about this analysis or your available rate options. If you have a SCE account representative, please contact your SCE account representative for more information about this analysis or your available rate options.

This rate analysis is based on applicable Southern California Edison (SCE) rates and is provided to illustrate potential bill impacts to help you evaluate your current rate and/or compare alternative SCE rates or rate options. While this rate analysis provides accurate rate calculations, it is based on certain assumptions for usage and applicable rate factors. The results of this analysis are based on actual historical energy consumption and/or assumptions about future energy consumption patterns and amounts. SCE can neither predict nor guarantee any actual cost savings or increases due to the changes to usage variables or applicable rate factors such as opening hours, equipment, kWVar charges, weather patterns, service voltage, firm service levels, taxes, and added facilities charges. Changes to these numerous variables will affect actual costs. This rate analysis is intended to compare selected rate schedules and may not include all of your rate options. Please contact SCE for more information about this analysis or your available rate options. If you have a SCE account represented on, please contact your SCE account representative for more information about this analysis or your available rate option.

This rate analysis is based on applicable Southern California Edison (SCE) rates and is provided to illustrate potential bill impacts to help you evaluate your current rate and/or compare alternative SCE rates or rate options. While this rate analysis provides accurate rate calculations, it is based on certain assumptions for usage and applicable rate factors. The results of this analysis are based on actual historical energy consumption and/or assumptions about future energy consumption patterns and amounts. SCE can neither predict nor guarantee any actual cost savings or increases due to the changes to usage variables or applicable rate factors such as, operating hours, equipment, kWh charges, weather patterns, service voltage, firm service levels, taxes, and added facilities charges. Changes to these numerous variables will affect actual costs. This rate analysis is intended to compare selected rate schedules and may not include all of your rate options. Please contact SCE for more information about this analysis or your available rate options. If you have a SCE account representative, please contact your SCE account representative for more information about this analysis or your available rate option.

The following energy efficiency analysis is presented as an aid to your cost accounting. This is an estimate based on the conditions present during the Edison pump test performed on July 9, 2009, billing history for the past 12 months, and your current rate of TOU-P-2-8-1.

Assuming that water requirements will be the same as for the past year, and all operating conditions (annual hours of operation, head above, and water pumping level) will remain the same as they were at the time of the pump test, it is estimated that:

1. Overall plant efficiency can be improved from 65.4% to 69.0%.
2. This can save you up to 14,292 kWh and \$1,007.15 annually.
3. These kWh savings translate to a 6.2-ton decrease in CO₂ emissions.

Overall Plant Efficiency (%)	65.4	69	
Total Annual Cost	\$19,526.67	\$18,519.52	\$1,007.15

It is sincerely hoped that this information will prove helpful to you, and that your concerns over maintaining optimum energy efficiency will be continued. If you have any questions regarding this report, please contact RICK KOCH at (805)854-7312.

The following energy efficiency analysis is presented as an aid to your cost accounting. This is an estimate based on the conditions present during the Edison pump test performed on July 20, 2009, billing history for the past 12 months, and your current rate of TOU-P-2-S-1-.

Assuming that water requirements will be the same as for the past year, and all operating conditions (annual hours of operation, head above, and water pumping level) will remain the same as they were at the time of the pump test, it is estimated that:

1. Overall plant efficiency can be improved from 60.6% to 70.0%.
2. This can save you up to 49,692 kWh and \$3,460.02 annually.
3. These kWh savings translate to a 22-ton decrease in CO₂ emissions.

Overall Plant Efficiency (%)	60.6	70	
Total Annual Cost	\$25,730.23	\$22,270.21	\$3,460.02

It is sincerely hoped that this information will prove helpful to you, and that your concerns over maintaining optimum energy efficiency will be continued. If you have any questions regarding this report, please contact RICK KOCH at (805)854-7312.
