PLEASE TAKE NOTICE that Quartz Hill Water District on its own behalf and no others hereby joins the request of other parties to continue the trial in this matter for sixty days. Directors and Staff of Quartz Hill Water District have been actively participating in the mediation before James Waldo for approximately thirty to forty hours a month since March 2010. This mediation has substantially narrowed numerous areas of dispute and Quartz Hill Water District believes there is a good possibility of a comprehensive settlement of all of the significant issues of this adjudication - including safe yield and overdraft.

A short continuance of the phase 3 trial date is warranted to give this settlement process a chance of success. Quartz Hill Water District does not request a continuance of the date for the designation of supplemental disclosures and exchange of information.
