LOOK!

PLENTY OF WATER No Need To Adjudicate

THIRTY-FIVE PERCENT OF WATER IS NO LONGER BEING PUMPED TO RAISE ALFALFA RESULTING IN NINETY-ONE THOUSAND ACRE FEET OF WATER BEING INHERITED BY HOME
OWNERS FOR DOMESTIC USE. The ninety-one
thousand acre feet of water is more than
four times the amount of water AVEK is trying to
sell us and six times more water than that used by
Lancaster, Quartz Hill and vicinity.

WHAT HAPPENED? In 1965, 262,000 tons of hay were raised in the Antolope Valley. Whereas last year only 171,000 tons were raised according to the Los Angeles County Agriculture Report. THIS IS 35% LESS ALFALFA RAISED AND 35% LESS WATER, USED.

Figuring that about one acre foot of water is required to raise one ton of alfalfa means that ninety-one thousand acre feet of water was left in our ground water basin and is now available for home deliveries.

It is very possible that within the next few years fifty percent of the farmers' water will be available for home use which will in reality amount

Was anyone sued? Or adjudicated? Or pushed around? Or did the water level go too low? NO! If all came about naturally and to everyone's economic hose!! omic benefit.

HOW DID ALL THIS HAPPEN? The farmers o offered a big price for their land. Raising hay hard way to make a living so the farmer shut-his well and took the big money.

NOW EVERYBODY'S HAPPY! The farmer, the real estate man and the land buyer. As no one will live on this land for years to come, if ever, Antelope Valley has interited all the water.

elope valley/nes understand the County Water Wells. This is why some of the County Water Wells in the last five rs. It also explains why some farmers' pumping its have come up as much as eight feet.

THEREFORE, it's a positive fact that we have pleasity of good low cost drinking water in our ground water basin.

H's a positive fact that our taxes are confis noting. And, it's a positive fact that we are voting to a AMEK's \$49 million property tax bond

> RALPH A. MOCHEL, PRESIDENT PRANK A LANE, DIRECTOR LANCASTER BUSINESS AND PROPERTY DWHERS' ASSOCIATION, INC.

-Andell, Exalted Ruler.

Stressed by Court, Civic Leaders

The importance of cooperation

The importance of cooperation and setting agencies and organizations of the Antelope Valley, in preference to new formations and duplicated effort, was stressed at the recent joint meeting of the AV Inter-Agency Association host ed by the AV Traffic Survival School-Board of Pirectors—at Dick's Red Barn, Guest speak court Commissioner George Karodan reference to community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community programs and needs-in addition to explaining new leading to the community of the community of the community of the community of
