ANNUAL REPORT OF GROUNDWATER EXTRACTION

The California Water Code authorizes the State Water Resources Control Board (State Water Board) to require annual reports of water diversion and use, including groundwater extractions. Our records indicate a report for **Groundwater ID Number G192997** is due prior to July 1, **2011** for reporting year **2010**. The report is associated with the well designation of **NO 3 WFF**. Information about the source, parcel number, county and other summary information is pre-populated on the associated online form if the information is available.

Beginning with the 2010 reporting year, all reports must be submitted through the online Report Management System. You can access the Report Management System at: <http://www.waterboards.ca.gov/RMS>. Instructions and frequently asked questions are also available on the website. Your user name and password are provided at the top of this letter. The user name will remain the same each year, however, the password will be changed. If you changed your password please use the one provided on this form. If you forget or misplace your password, please e-mail us at ewrims@waterboards.ca.gov to have your password reset. Agents or extractors with multiple sites will have the same password for all locations.

Please review and update the ownership information, if applicable. The State Water Board needs the complete name, mailing address, phone and email address information of the current owner and/or agent. State regulations require the owner to notify the State Water Board directly of any ownership changes. Your county assessor or title company does not notify us of any ownership changes.

If you have questions technical questions or questions about online filing, please contact us at (916) 341-5431.

ANNUAL REPORT OF GROUNDWATER EXTRACTION

The California Water Code sections 4999 through 5009 authorize the State Water Resources Control Board (State Water Board) to require annual reports of groundwater extractions. The California Water Code chapter 2.7, section 348 authorizes the State Water Board to require online reporting of water diversions. The State Water Board, Division of Water Rights (Division) developed a new online Report Management System (RMS) as a component of the enhanced Water Right Information Management System (eWRIMS). RMS allows you to electronically submit your groundwater extraction report, saving both paper and resources. **All reports must be completed online through RMS; paper copies are not available.** To report online, go to **www.waterboards.ca.gov/rms** and login with your user ID and password. The information required to login and access your online Groundwater Extraction Report is:

User ID (Water Right ID): **G192997**

Password (Reporting Identifier): **715396**

The report is associated with the well designation of **NO 3 WFF**. Information about the source, parcel number, county and other summary information is pre-populated on the associated online form if the information is available.

You are required to complete the online report for 2011 no later than **June 30, 2012**. You may also submit your record of extraction or diversion and use for previous years using RMS. Although there is no penalty for failure to file, failure to file within the specified time period is considered a nonuse of water for that reporting year. If you do not have a computer or internet access, you should use a friend's computer, a computer in a public library, or a Division computer to fill out the form. Unfortunately, Division staff cannot fill the form out on your behalf. However, if you wish to seek assistance with the form, you may contact the Division to request a listing of attorneys and consulting firms with water rights experience. You can also review the listing on the Division's Business Information Contacts webpage at: http://www.waterboards.ca.gov/waterrights/board_info/contacts.shtml.

If you have multiple water rights, you must report water use separately for each right. Do not list
