Lancaster, CA 93536

Dear Mr. Van Dam:

FIRST NOTICE OF GROUNDWATER DIVERSION IN LOS ANGELES COUNTY

The State Water Resources Control Board, Division of Water Rights (Division), received your First Notice of Groundwater Diversion on February 23, 2006. The following Recordation Number has been assigned to your well.

Recordation Number	State Well Number	Owner's Well Designation
G193477	08N/R13W-21K S	IRRIGATION CROP

Please refer to the Recordation number in future communications with the Division.

Annual Recordation Notices are sent each January to report the amount of water extracted during the previous calendar year. In accordance with the California Water Code, each Annual Recordation Notice must be returned to the Division on or before July 1 with the current annual filing fee of \$115.00 to be recorded. Notices that are received after July 1 will be returned unrecorded.

Although there is no penalty for failure to file the Annual Recordation Notice, failure to file is considered a nonuse of water for the reporting year.

Thank you for your cooperation. Should you have questions regarding this matter please call me at (916) 322-8465, or email me at cnease@waterboards.ca.gov.

Sincerely,

ORIGINAL SIGNED BY:

Catherine A. Nease

GENERAL INFORMATION

The dependence on groundwater in the Counties of Riverside, San Bernardino, Los Angeles, and Ventura has resulted in diminishing water supplies. As water becomes more scarce, determination of your water rights by the courts may become necessary. Your Annual Notice of Groundwater Extraction and Diversion is required to establish a record of water use which can assist the court in determining your rights.

The California Water Code requires you to record your annual surface and groundwater use if your total groundwater extractions from all wells exceed 25 acre-feet. Extractions of less than 10 acre-feet from a single well need not be reported. Although there is no penalty for failure to file the annual notice, failure to file is considered nonuse of water. Therefore, persons who do not file notices may have difficulty in supporting a claim of water use during a lawsuit to establish ownership of groundwater rights.

Exceptions: (1) If you are currently reporting your pumpage to a watermaster, your water use is already on record, and you are exempt from the requirement of filing a notice, or (2) if annual water use is less than the required amounts, filing is optional because these minimal amounts would probably not be affected by a water right dispute. All optional notices that are accompanied by appropriate fees will be recorded.

Should you require additional information about the Water Code requirements or assistance in completing this form, please write to the address on the top of this form, or telephone (916) 341-5300.

TABLE 1: AGRICULTURAL WATER USE WORKSHEET (Optional)

To estimate your use of water, indicate below the crop type and number of acres. Then find the average irrigation requirement for each crop using Table II. Multiply acres (column 1) to applied water depth (column 2) to determine the amount pumped (column 3). Then total all amounts in column 3 to determine total irrigation use.

CROP	COLUMN 1	COLUMN 2	COLUMN 3
	ACRES	AVERAGE APPLIED WATER DEPTH (acre-feet per acre)	AMOUNT PUMPED (acre-feet) (column 1 X column 2)
Carrots	65		300
CONVERSION FACTORS: One acre-foot (af) = 43,560 cubic feet = 325,900 gallons One miner's inch is approximately 9 gallons per minute. An acre-foot covers one acre of land, one foot deep			TOTAL IRRIGATION USE 300

TABLE II: AVERAGE DEPTH OF WATER APPLIED TO IRRIGATE EACH CROP (acre-feet per acre)¹
