JCCP No. 4408

I, David B. Zlotnick, declare as follows:

- 1. I am over the age of eighteen and the attorney of record for Plaintiff Rebecca Lee Willis in the above-entitled action. I have personal knowledge of the facts stated below, and if called upon, I could and would testify competently thereto.
- 2. I submit this Declaration in support of Willis' Motion for Class Certification. Willis seeks certification of a Class defined as follows

All private (i.e., non-governmental) persons and entities that own real property within the Basin, as adjudicated, that are not presently pumping water on their property and have not done so within the last two (2) years ("the Class"). The Class excludes the defendants herein, any person, firm, trust, corporation, or other entity in which any defendant has a controlling interest or which is related to or affiliated with any of the defendants, and the representatives, heirs, successors-in-interest or assigns of any such excluded party. The Class also excludes all persons to the extent their properties are connected to a municipal water system from which they receive or are able to receive water service.

- 3. I believe that it is undisputed that there are numerous landowners in the Antelope Valley Basin who fall within the class definition.
- 4. I have personally been contacted by at least seven (7) members of the putative class who have stated that they support certification of a Class in that they cannot afford the expense of retaining counsel and directly participating in this litigation, but want their position protected to the extent allowed by law.
- 5. I and the other attorneys representing Plaintiff and the putative class have extensive experience in handling complex class actions. I see no likely difficulties in the management of this case as a class action.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on July 23, 2007 in San Diego, California.
