Re: Antelope Valley Groundwater Litigation  
Santa Clara County Superior Court Case No. 1-05-CV-049053  
Judicial Council Coordination Proceeding No. 4408

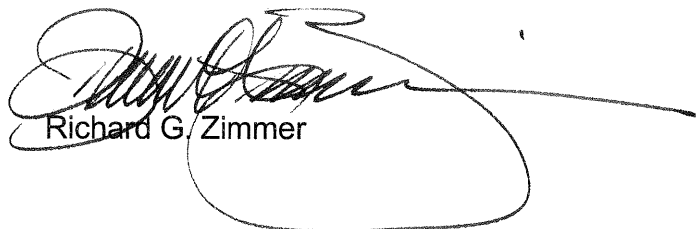

Dear Counsel:

This correspondence is to follow up on recent information I have been reviewing regarding the Technical Committee. Apparently there are some experts that still believe the Technical Committee report somehow will be provided to the Court and/or to third parties. Please advise your experts that this is not the case, absent unanimous agreement to the contrary, and please request they stop making comments in this regard.

Additionally, it is my understanding the Technical Committee now is discussing a possible Physical Solution. At the most recent meeting where all counsel were present, it was my understanding the parties requested the Technical Committee not proceed with this task. Accordingly, it would seem to me there should be consensus between the parties and their attorneys whether this task should be accomplished. I would appreciate input from counsel accordingly.

Thank you for your courtesy and response.

Very truly yours,

  
Richard G. Zimmer
