1. I am a plaintiff in this action, and the court-appointed class representative for the Small Pumpers Class. I make this declaration of my own personal knowledge, except where stated on information and belief, and if called to testify in Court on these matters, I could do so competently.

3. For the entire time this property has been a residence, it has been serviced by a groundwater well. To my knowledge, there has never been municipal water service to this property, and certainly none during my ownership. My property is not part of any mutual water company.

5. I know or am acquainted with a significant number of small pumper parcel owners. All but a couple of those bear the same general characteristics I have outlined above for my parcel, and every one that I am aware of has residential use. I do know of a few (less than 5) small pumpers that pump more than 10 acre-feet per year and those

1 generally involve livestock and/or small agricultural activities adjacent to homes. Some
2 small pumpers do maintain livestock on their properties, which is allowed in the
3 unincorporated areas where the small pumpers live.

4
5 I declare under penalty of perjury under the laws of California that the foregoing is
6 true and correct. Executed this 9th day of June, 2011, at Lancaster, California.
