**AMENDED DECLARATION OF  
RAWLEY DAVIS IN SUPPORT OF  
SOUTHERN KERN UNIFIED SCHOOL  
DISTRICT'S (ROSAMOND HIGH  
SCHOOL) GROUNDWATER PUMPING,  
WATER USE, AND LAND OWNERSHIP  
FOR THE PROVE-UP OF THE  
STIPULATED JUDGMENT AND  
PHYSICAL SOLUTION IN LIEU OF  
TRIAL TESTIMONY**

**CMC DATE:** September 21, 2015  
**TRIAL DATE:** September 28, 2015

**DECLARATION**

I, Rawley Davis, declare:

1. I am the Director of Maintenance, Operations, and Facilities for the Southern Kern  
Unified School District ("District"). I have personal knowledge of each fact stated herein and would  
testify competently thereto under oath.

AMENDED DECLARATION OF RAWLEY DAVIS IN SUPPORT OF SOUTHERN KERN UNIFIED SCHOOL  
DISTRICT'S (ROSAMOND HIGH SCHOOL) GROUNDWATER PUMPING, WATER USE, AND LAND  
OWNERSHIP FOR THE PROVE-UP OF THE STIPULATED JUDGMENT AND PHYSICAL SOLUTION IN  
LIEU OF TRIAL TESTIMONY

1           2.       The District was served in this matter on July 14, 2014, as Rosamond School Water  
2 System. The District is a stipulating party to the Proposed Judgment and Physical Solution and is listed  
3 in Exhibit 4 to the Proposed Judgment and Physical Solution as Rosamond High School.

4           3.       The District owns six properties which overlie the Antelope Valley Area of  
5 Adjudication as decided by this Court. The properties are all located in the Kern County portion of the  
6 Area of Adjudication. Five of the properties receive water service from the Rosamond Community  
7 Services District. For purposes of this declaration, the District identifies only Rosamond High School,  
8 located at 2925 Rosamond Boulevard, Rosamond, California, 93560 (APN 251-071-23) (the "High  
9 School Parcel"), as the one parcel the District owns that currently, and for the past 40 plus years, has  
10 exclusively utilized water wells for domestic, irrigation, and agricultural purposes. The High School  
11 Parcel consists of 58.07 acres. A true and correct copy of the Grant Deed conveying ownership of the  
12 High School Parcel to the District, recorded July 15, 1964, is attached hereto as Exhibit A.

13           4.       The High School Parcel is served by two wells designated by the District as HS well #2  
14 and HS well #3. Neither well pump is metered.

15           5.       The District originally estimated its annual water use at 586.4 acre-ft. per year. This  
16 figure was derived by dividing the average total number of students and staff in 2000-2004 and 2011-  
17 2012 by 3.3, which is the average number of persons per household in the Rosamond Community  
18 Services District service area, to establish an 840 equivalent connection count. The 840 equivalent  
19 connection count was then multiplied by .71 acre-ft. per year, which is the average water use per  
20 connection in the Rosamond Community Services District service area, to arrive at a total estimated  
21 use of 586.4 acre-ft. per year.

22           6.       Since developing its original water use estimate, the District has had the pumps in HS  
23 well #2 and HS well #3 tested by Southern California Edison. True and correct copies of the pump  
24 tests performed by Rick Koch of Southern California Edison on July 21, 2015, and reported on July 23,  
25 2015, are attached hereto as Exhibit B.

26           7.       According to the pump test of HS well #2, it pumps at 826 kWh per acre foot.  
27 According to the pump test of HS well #3, it pumps at 1940 kWh per acre foot.

28           8.       By dividing the kilowatts per acre foot for each well into the total kilowatts billed to  
each well meter is how the High School Parcel's annual water usage in acre feet can be calculated.

1           9.       The District obtained its electric usage for HS well #2 and HS well #3 for 2011 and  
2 2012 from Southern California Edison. True and correct copies of a spreadsheet of the 2011 and 2012  
3 electric usage received from Southern California Edison for HS well #2 and HS well #3 are attached  
4 hereto as Exhibit C.

5           10.      Based on the kWh usage by both HS well #2 and HS well #3 for 2011 and 2012  
6 contained in Exhibit C, I estimate the water used for 2011 and 2012 on the High School Parcel as  
7 follows:

<u>HS well #2</u>		<u>HS well #3</u>		<u>Total AC FT</u>
2011				
kWh billed	Ac. Ft.	kWh billed	Ac. Ft.	
42,152	51.03	91,760	105.72	156.74
2012				
kWh billed	Ac. Ft.	kWh billed	Ac. Ft.	
48,327	58.50	56,977	29.37	87.87

12           Therefore, the average water use on the High School Parcel for 2011 and 2012 was 122.31  
13 acre feet per year with a maximum water use of 156.74 acre feet in year 2011. In my opinion, these  
14 numbers are representative of the expected future water use on the High School Parcel.

15           11.      The District utilizes the water pumped on the High School Parcel for domestic use by  
16 students and staff as well as for landscaping, athletic fields, crop production, and livestock watering.  
17 Crop production occurs on between 2.5 and 4 acres of the High School Parcel in any particular year.  
18 The crops produced have included barley, alfalfa, apricots, apples, and peaches. Livestock species  
19 raised include lambs, pigs, steers, and chickens.

20 ///

21 ///

22 ///

23 ///

24 ///

1 I declare under penalty of perjury under the laws of the state of California that the foregoing is  
2 true and correct, and that this amended declaration was executed this 1<sup>st</sup> day of October, 2015, at  
3 Rosamond, California.

Acknowledgment must be used.

Title Order No.

Escrow No.

PARCEL 1: The south half of the southwest quarter of Section 17, Township 9 North, Range 12 West, San Bernardino meridian.

EXCEPT the east half of the southeast quarter of the southwest quarter of said section.

ALSO EXCEPT that portion deeded to Southern Kern County Union School District in deed dated June 14, 1957 and recorded on July 12, 1957 in book 2816 page 138 of Official Records of Kern County. The land covered by said grant deed is described as follows:

"That portion of the west half of the southeast quarter of the southwest quarter and the East half of the southwest quarter of the southwest quarter of Section 17, Township 9 North, Range 12 West, San Bernadino meridian, in the county of Kern, state of California, according to the official plat of said land approved by the Surveyor General, September 19, 1856, that is included within the south 1040 feet of the west 1150 feet of the East 1810 feet of the south half of the southwest quarter of said Section 17.

PARCEL 2: The south 112.9 feet of the east half of the northwest quarter of the southwest quarter and the south 112.9 feet of the west half of the northeast quarter of the southwest quarter of Section 17, Township 9 North, Range 12 West San Bernardino meridian, in the county of Kern, state of California, according to the official plat of said land approved by the Surveyor General September 19, 1856.

CERTIFICATE OF ACCEPTANCE

THIS IS TO CERTIFY that the interest in real property conveyed by the deed dated November 7, 1963, from ROBERT P. GARNERO, PETER THOMAS, MATHILDA THOMAS, and ANNA M. GARNERO, and each of them, to SOUTHERN KERN UNIFIED SCHOOL DISTRICT, a political subdivision of the State of California, is hereby accepted by order of the Board of Trustees of said DISTRICT on JUNE 23, 1964, by the undersigned officer, the Chairman of said Board of Trustees, and the said DISTRICT consents to recordation thereof by its duly authorized officer.

Dated: June 23, 1964

This pump is operating inefficiently. The inefficiency is most likely caused by pump wear, the failure of the pump design to meet existing conditions, or a combination of both. Please see the attached pumping cost analysis for possible savings from pump replacement.
