CITY OF LOS ANGELES' TRIAL SETTING CONFERENCE STATEMENT

The City of Los Angeles respectfully submits its Trial Setting Conference Statement for 1 the hearing on April 17, 2012 in Department 1515 of the Los Angeles County Superior Court: 2 Many of the parties to this action met with Justice Robie on April 3, 2012 and arrived at 3 general agreement in principle for a settlement framework, including a basis for allocating the 4 native safe yield of the Antelope Valley Groundwater Basin. The next steps identified in the 5 settlement process is the drafting of settlement documents, currently scheduled to begin under 6 Justice Robie's oversight on April 30, 2012. 7 One of the requirements of settlement and of further progress in the adjudication itself is 8 the "proving up" of parties' pumping records. Accordingly, it is the City's position that this issue 9 be dealt with in the next phase of trial. However, because other issues may surface during the 10 drafting process, the City believes that establishment of the full scope of issues for the next phase 11 of trial, and the date for such trial be deferred until mid-May when they can be more clearly 12 discerned. 13 14 Dated: April 11, 2012 15 CARMEN A.
