4 RESPONDING PARTY: Cross-Defendant Delmar D. Van Dam

5 SET NUMBER: One

6 Delmar D. Van Dam ("Van Dam") hereby responds to the above-captioned special
7 interrogatories ("Request") propounded by the above listed "Propounding Parties"
8 ("Propounding Parties"), as required by Code of Civil Procedure Section 2030.010 et seq.:

9 **GENERAL OBJECTIONS**

10 These general objections are applicable to each and every special interrogatory and
11 response unless otherwise specified and are incorporated into each response as though set forth
12 in full. These responses are made solely for the purposes of this action.

13 1. Each response is subject to all objections as to competence, relevance, materiality,
14 propriety, admissibility, and exclusion of any statement herein if any portion of the requests were
15 asked of, or if any statement contained herein was made by, a witness present and testifying in
16 court, all of which objections and grounds are reserved and may be interposed at the time of trial.

17 2. The responses contained herein are based upon information presently known and
18 ascertained by Van Dam. However, Van Dam has not yet completed his investigation of all the
19 circumstances relating to this dispute and has not completed discovery or preparation for trial.
20 Accordingly, the responses herein are without prejudice to utilizing subsequently discovered or
21 recalled documents or information; and Van Dam reserves the right to amend, add to, delete
22 from, or in any other manner modify these responses after he has completed his discovery and
23 investigation efforts and has ascertained all relevant facts.

24 3. Van Dam objects to each interrogatory (and any portion thereof) to the extent that
25
26
27
28

1 it purports to call for information and/or documents protected from discovery by the attorney-
2 client privilege and/or work product privilege as to whether any person not joined is
3 indispensable or necessary party to this litigation. Van Dam's attorneys join in this objection to
4 the extent that the right to protect items from discovery pursuant to the "work product" doctrine
5 belongs to said attorneys.

6 4. Van Dam reserves the right to make any and all evidentiary objections to the
7 introduction of any of these responses and/or documents into evidence at the trial of this case or
8 otherwise, and reserves the right to raise these objections as a bar to introduction of any of these
9 response, information identified in these responses, or documents at the trial or otherwise.

10 5. Van Dam objects to any and all interrogatories on the ground that they are unduly
11 burdensome and oppressive to the extent it asks for identification of all landowners and/or
12 groundwater pumpers because this information is equally available to the Propounding Parties
13 and the answering party is not required to search public records to ascertain answers to
14 interrogatories and to create a compilation of data that does not exist and is unknown to this
15 answering party.

16 Without waiving or limiting any objections stated herein, Van Dam submits the following
17 responses to the special interrogatories subject to the foregoing objections.

18 **RESPONSES TO SPECIAL INTERROGATORIES**

19 **SPECIAL INTERROGATORY NO. 1:**

20 If you have asserted an affirmative defense in response to any complaint or cross-
