WILLIS CLASS CASE MANAGEMENT CONFERENCE STATEMENT		WILLIS CLASS' CASE MANAGEMENT CONFERENCE STATEMENT		

Justice Robie. The reasons behind its limited participation were discussed in its last case management conference statement dated June 13, 2012. Based on the most recent filing of the Federal government it would appear that the landowner parties may be close to resolving their claims with the public water suppliers. The Willis class will continue to rely on the terms of the court approved stipulation of settlement in the expectation that any proposed Physical Solution will fully respect the Class' correlative rights and stay consistent with the terms of the stipulation of settlement. To the extent a proposed Physical Solution does not respect the Willis Class' rights to use the Basin's groundwater, we will reluctantly have to oppose it.
