Subject: RE: Antelope Valley Adjudication: Status of Stipulation for Judgment

Colleagues:

Attached please find a spreadsheet detailing the parties for which the U.S. has received signed Stipulation pages (with the exception of Boron which has voted, but due to logistical problems will not have an actual signature until Tuesday or Wednesday). We are in the process of verifying the spreadsheet, and we will be putting a full package together for circulation and, eventually, filing. At this point it appears that we have signatures representing approximately 99.8% of the basin Native Safe Yield. Hopefully this will help inform discussions later today. My understanding is that Jeff Dunn has volunteered the following conference line:

Dial in number: 1-888-761-8885

Passcode: 949 263 2616

If there are other parties who are either signatories or likely signatories that need to see a copy of this spreadsheet, please forward it.

Jim DuBois
