Rowena,

Per Tom Bunn's call, I attach a further revised First Amendment to the Case Management Order for the Court's consideration. Late yesterday and this morning, a number of lawyers advised me that it was their belief the Court had included potential motions in limine regarding return flows for the March 29 filing date, the opposition and reply dates, and the May 13 hearing date.

I do not recall that to be the case, but with all the back and forth and my being on the phone, it may be possible I missed it. The Court will likely recall if that is correct. In the event Mr. Bunn is correct, I attach a further amended proposed order making the above-referenced additions. We will post this revised order, along with this explanatory e-mail.
