Los Angeles County Waterworks District 40's complaint(s) that were served on our clients and then forwarded to us were not saved, as we already had a copy in our file and access to the website. The attached pdf was downloaded from the website to our file.

Keith, I attach the proofs of service for your four mutual clients. It would help us sort this out if you could dig the complaints out of your file. I presume since you have the summons your also have the complaints that were served. Thanks,
