**SUPERIOR COURT FOR THE STATE OF CALIFORNIA
COUNTY OF LOS ANGELES**

RICHARD A. WOOD, an individual, on
behalf of himself and all others similarly
situated,

Plaintiff,

v.

LOS ANGELES COUNTY WATERWORKS
DISTRICT NO. 40; et al.

Defendants.

JUDICIAL COUNCIL COORDINATION
PROCEEDING No. 4408

**[proposed] NOTICE OF CLASS
ACTION FOR THE “SMALL
PUMPER” CLASS ACTION**

TO CERTAIN ANTELOPE VALLEY LANDOWNERS: CAREFULLY READ AND RESPOND TO THIS NOTICE, AS IT MAY AFFECT YOUR RIGHT TO PUMP GROUNDWATER ON YOUR PROPERTY IN THE FUTURE.

This notice is to advise you about a pending class action lawsuit, referred to as the “Small Pumper” class action. You may be a member of the Class. **PLEASE TAKE THE TIME TO READ THIS IMPORTANT LEGAL NOTICE. YOU ARE REQUIRED TO RETURN THE ATTACHED RESPONSE FORM, EITHER BY MAIL OR BY THE INTERNET, ON OR BEFORE AUGUST 28, 2009.**

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Plaintiff Richard Wood brought this case to protect his right and those of other landowners in the Basin to pump water on their properties in the future. The case has been combined with other cases to determine all the groundwater rights in the Basin. The Court has not yet decided the case. This Notice is intended to inform you of the pendency of this case and advise you how you can protect your rights. You have been sent this Notice because as a property owner in the Antelope Valley your rights to pump and use groundwater on your property may be affected by this case.

ARE YOU A MEMBER OF THE CLASS?

You have been designated as a possible class member because records show that you may own improved property in the Antelope Valley. The class includes all private (i.e., non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on their property at any time since 1946, with certain exceptions set out below.

You are **NOT in the Class** if you fall within one of the categories set forth below. **BUT YOUR RIGHTS MAY BE AFFECTED UNLESS YOU RETURN THE ATTACHED RESPONSE FORM AND MAKE CLEAR THAT YOU ARE NOT IN THE CLASS. HENCE, IT IS IMPORTANT THAT YOU RETURN THE RESPONSE FORM AS PROMPTLY AS POSSIBLE, EVEN IF YOU ARE NOT A CLASS MEMBER.**

YOU ARE NOT IN THE CLASS WITH RESPECT TO ANY GIVEN PARCEL OF PROPERTY IF THAT PARCEL FALLS WITHIN ANY OF THE FOLLOWING CATEGORIES:

1. You have pumped 25 acre-feet or more of groundwater for use on a that parcel in any calendar year since 1946; **or**
2. You are a shareholder in a mutual water company in the Antelope Valley; **or**
3. You are already a party to this litigation (but, in that event, you may elect to join the Class).

WHAT IS THE CASE ABOUT?

Under California law, property owners have a right to pump and use groundwater (water underneath the surface) on their land. In this case, however, the naturally available supply of water in the Basin may not be adequate to satisfy everyone who wants to use that water. Plaintiff Richard Wood brought this action to protect his right and that of other Antelope Valley landowners to pump and use the water under their properties and to obtain compensation for any wrongful taking of their property rights. Mr. Wood claims that he and other landowners have water rights which are superior to the rights of certain public water suppliers to use that water. The public water suppliers claim that their historical pumping has given them superior water rights. If the public water suppliers win, your rights to use the groundwater under your property may be cut back. The Court has not yet ruled on these claims.

WHAT DO YOU NEED TO DO?

YOU ARE REQUIRED TO SUBMIT the attached RESPONSE FORM, either by mail or on the internet, by August 28, 2009. The instructions for completing this form are below. All persons who receive this Notice should respond, so that the parties and Court will know whether you are a class member or not.

If you are a Class Member, you have the right to remain in the Class or exclude yourself from the Class. Class Members are defined to include all private (i.e., non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on a given parcel of property at any time since 1946, and who does not fall within any of the exclusions set forth above. Class Members should complete and return the attached response form.

If you remain in the Class:

- You will be bound by the decision in the case, whether favorable or unfavorable.
- Plaintiff Wood and his attorneys will act as your representatives in this case, and you will not personally be obligated to pay any fees or costs out of your pocket.
- You *may*, but need not, hire your own lawyer at your own expense to represent you.

If you exclude your parcel(s) from the Class:

- Your parcel(s) will not be bound by any decision that affects the Class.
- But you (or your parcel) may be added to the lawsuit as an individual defendant, and you may have to represent yourself or hire a lawyer to represent you.

Please complete the response form on the website for the Small Pumper Class at <http://www.avgroundwater.com/smallpumper/ResponseForm.cfm> by August 28, 2009. Alternatively, you may complete and return the attached response form by mail no later than August 28, 2009 to the following address:

CLASS ACTION

Santa Clara Case No. 1-05-CV-049053

Assigned to the Honorable Jack Komar

**DECLARATION OF KEVIN BERG
REGARDING DISSEMINATION OF
SMALL PUMPER CLASS ACTION
NOTICE**

1 I, Kevin Berg, declare as follows:

2 1. I am the Chief Financial Officer and General Manager of PrintCom, Inc. dba
3 Minuteman Press - Panorama City ("MMP"). I am also the co-owner and co-founder of MMP. I
4 have personal knowledge of the matters contained in this declaration, and if called on to do so, I
5 could and would testify competently thereto.

6 2. In or around 2009, MMP was retained in the above-captioned coordinated
7 proceeding (the "Antelope Valley Groundwater Cases") by the law firm, Best Best & Krieger,
8 LLP ("BB&K"), to print and mail notice of a "Small Pumper" Class Action. I submit this
9 declaration in order to provide the Court and the parties to the Antelope Valley Groundwater
10 Cases with information regarding the dissemination of the Notice of Class Action for the "Small
11 Pumper" Class Action (the "Notice").

12 3. In 2009, BB&K provided MMP with an Excel spreadsheet containing data records
13 for approximately 9,884 potential Small Pumper Class Members, which included potential class
14 member names and addresses. MMP processed the spreadsheet data for address correction and
15 CASS (Coding Accuracy Support System) to ensure that the name and address data are in a
16 deliverable format for the United States Postal Service. MMP identified approximately 166
17 potential class members for whom no mailing addresses were provided. Attached as **Exhibit A** is
18 a true and correct copy of the mailing list MMP used to mail the Notice, including the
19 approximately 166 entries for which no address was provided ("List").

20 4. BB&K also provided MMP with a draft Notice. MMP formatted the Notice for
21 mailing purposes. Attached as **Exhibit B** is a true and correct copy of the form Notice MMP
22 formatted and used for mailing. The Notice consists of the "Notice of Class Action for the 'Small
23 Pumper' Class Action," a "Small Pumper Class Action Response Form," and a prepaid return
24 envelope for the potential class members to return the response form.

25 5. Under my direction, MMP caused the Notice to be printed and posted for first-
26 class mail, postage prepaid, and delivered to a U.S. Post Office for mailing to each
27 individual/entity identified in the List with a mailing address on or about July 9, 2009.
28

1 I declare under penalty of perjury under the laws of the State of California that the
2 foregoing is true and correct.

**SUPERIOR COURT FOR THE STATE OF CALIFORNIA
COUNTY OF LOS ANGELES**

RICHARD A. WOOD, an individual, on behalf of himself and all others similarly situated,
Plaintiff,
v.
LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 40; et al.
Defendants.

JUDICIAL COUNCIL COORDINATION PROCEEDING No. 4408
NOTICE OF CLASS ACTION FOR THE “SMALL PUMPER” CLASS ACTION

TO CERTAIN ANTELOPE VALLEY LANDOWNERS: CAREFULLY READ AND RESPOND TO THIS NOTICE, AS IT MAY AFFECT YOUR RIGHT TO PUMP GROUNDWATER ON YOUR PROPERTY IN THE FUTURE.

This notice is to advise you about a pending class action lawsuit, referred to as the “Small Pumper” class action. You may be a member of the Class. **PLEASE TAKE THE TIME TO READ THIS IMPORTANT LEGAL NOTICE. YOU ARE REQUIRED TO RETURN THE ATTACHED RESPONSE FORM, EITHER BY MAIL OR BY THE INTERNET, ON OR BEFORE SEPTEMBER 9, 2009.**

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Plaintiff Richard Wood brought this case to protect his right and those of other landowners in the Basin to pump water on their properties in the future. The case has been combined with other cases to determine all the groundwater rights in the Basin. The Court has not yet decided the case. This Notice is intended to inform you of the pendency of this case and advise you how you can protect your rights. You have been sent this Notice because as a property owner in the Antelope Valley your rights to pump and use groundwater on your property may be affected by this case.

ARE YOU A MEMBER OF THE CLASS?

You have been designated as a possible class member because records show that you may own improved property in the Antelope Valley. The class includes all private (i.e., non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on their property at any time since 1946, with certain exceptions set out below.

You are **NOT in the Class** if you fall within one of the categories set forth below. BUT YOUR RIGHTS MAY BE AFFECTED UNLESS YOU RETURN THE ATTACHED RESPONSE FORM AND MAKE CLEAR THAT YOU ARE NOT IN THE CLASS. **HENCE, IT IS IMPORTANT THAT YOU RETURN THE RESPONSE FORM AS PROMPTLY AS POSSIBLE, EVEN IF YOU ARE NOT A CLASS MEMBER.**

YOU ARE NOT IN THE CLASS WITH RESPECT TO ANY GIVEN PARCEL OF PROPERTY IF THAT PARCEL FALLS WITHIN ANY OF THE FOLLOWING CATEGORIES:

1. You have pumped 25 acre-feet or more of groundwater for use on a that parcel in any calendar year since 1946; *or*
2. You are a shareholder in a mutual water company in the Antelope Valley; *or*
3. You are already a party to this litigation (but, in that event, you may elect to join the Class).

WHAT IS THE CASE ABOUT?

Under California law, property owners have a right to pump and use groundwater (water underneath the surface) on their land. In this case, however, the naturally available supply of water in the Basin may not be adequate to satisfy everyone who wants to use that water. Plaintiff Richard Wood brought this action to protect his right and that of other Antelope Valley landowners to pump and use the water under their properties and to obtain compensation for any wrongful taking of their property rights. Mr. Wood claims that he and other landowners have water rights which are superior to the rights of certain public water suppliers to use that water. The public water suppliers claim that their historical pumping has given them superior water rights. If the public water suppliers win, your rights to use the groundwater under your property may be cut back. The Court has not yet ruled on these claims.

WHAT DO YOU NEED TO DO?

YOU ARE REQUIRED TO SUBMIT the attached RESPONSE FORM, either by mail or on the internet, by September 9, 2009. The instructions for completing this form are below. All persons who receive this Notice should respond, so that the parties and Court will know whether you are a class member or not.

If you are a Class Member, you have the right to remain in the Class or exclude yourself from the Class. Class Members are defined to include all private (i.e., non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on a given parcel of property at any time since 1946, and who does not fall within any of the exclusions set forth above. Class Members should complete and return the attached response form.

If you remain in the Class:

- You will be bound by the decision in the case, whether favorable or unfavorable.
- Plaintiff Wood and his attorneys will act as your representatives in this case, and you will not personally be obligated to pay any fees or costs out of your pocket.
- You may, but need not, hire your own lawyer at your own expense to represent you.

If you exclude your parcel(s) from the Class:

- Your parcel(s) will not be bound by any decision that affects the Class.
- But you (or your parcel) may be added to the lawsuit as an individual defendant, and you may have to represent yourself or hire a lawyer to represent you.

Please complete the response form on the website for the Small Pumper Class at <http://www.avgroundwater.com/smallpumper/ResponseForm.cfm> by September 9, 2009. Alternatively, you may complete and return the attached response form by mail no later than September 9, 2009 to the following address:

JUDICIAL COUNCIL COORDINATION
PROCEEDING No. 4408

**[proposed] NOTICE OF PARTIAL CLASS
ACTION SETTLEMENT FOR THE “SMALL
PUMPER” CLASS ACTION**

**TO CERTAIN ANTELOPE VALLEY LANDOWNERS WHO HAVE IN THE PAST OR
CURRENTLY PUMP GROUNDWATER ON THEIR PROPERTY: CAREFULLY READ THIS
NOTICE, AS IT MAY AFFECT YOUR RIGHT TO PUMP GROUNDWATER ON YOUR
PROPERTY IN THE FUTURE.**

GENERAL INFORMATION

1. Why was this notice issued?

You have been sent this Notice because as a property owner in the Antelope Valley your rights to pump and use groundwater on your property may be affected by this case. The Court issued this notice because you have a right to know about a proposed partial settlement of a class action lawsuit that the Court has preliminarily approved. If the Court grants final approval and any appeals are resolved, this settlement will resolve certain of your right with the settling defendants, and may impact the future determination of your water rights. This notice explains the lawsuit, the partial settlement, your legal rights, who is in the class, and your options.

2. What is this lawsuit about?

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Under California law, property owners have a right to pump and use groundwater (water underneath the surface) on their land. In this case, however, the Court has determined that the naturally available supply of water in the Basin may not be adequate to satisfy everyone who wants to use that water.

Plaintiff Richard Wood brought this action to protect his right and that of other Antelope Valley landowners to pump and use the water under their properties and to obtain compensation for any wrongful taking of their property rights. Mr. Wood claims that he and other landowners have water rights which are superior to the rights of certain public water suppliers to use that water. The public water suppliers claim that their historical pumping has given them superior water rights. If the public water suppliers

win, your rights to use the groundwater under your property may be cut back. The Court has not yet ruled on these claims.

3. Who is involved in this lawsuit?

Plaintiff Richard Wood is the plaintiff and class representative. On his behalf and on behalf of the class he represents, he is suing ten public water suppliers in the Antelope Valley: California Water Service Company; Desert Lake Community Services District; Littlerock Creek Irrigation District; Los Angeles County Waterworks District No. 40; North Edwards Water District; Palmdale Water District; Palm Ranch Irrigation District; Phelan Piñon Hills Community Services District; Quartz Hill Water District; and Rosamond Community Services District. Mr. Wood also sued the cities of Lancaster and Palmdale.

This lawsuit is coordinated with several other lawsuits pending before a single judge, the Honorable Jack Komar. Those other lawsuits involve many other parties who also claim the right to pump groundwater in the Antelope Valley.

4. Why is there a partial settlement?

Some of the defendants wished to resolve their claims with the class at this time, while several others did not wish to settle. Richard Wood will continue to litigate all of the claims against the non-settling defendants.

CLASS MEMBERSHIP

5. How do I know if I am part of the class subject to this settlement?

You have been designated as a class member because records show that you own improved property in the Antelope Valley, and otherwise meet the class definition. The class includes all private (i.e., non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on their property at any time since 1946, with certain exceptions set out below. You were sent a class notice in 2009, and did not choose to opt out of the class at that time.

6. Are there exceptions to being included in the settlement?

You are not in the Class if you fall within one of the categories set forth below:

- A. You have pumped 25 acre-feet or more of groundwater for use on a that parcel in any calendar year since 1946; **or**
- B. You are a shareholder in a mutual water company in the Antelope Valley; **or**
- C. You are already a party to this litigation.

THE PARTIAL SETTLEMENT OF THIS LAWSUIT

7. Who is included in the Settlement?

Richard Wood and the Class are settling with six defendants in this lawsuit: California Water Service Company; Palmdale Water District; Phelan Piñon Hills Community Services District; Quartz Hill Water District; and Rosamond Community Services District.

8. What does the settlement provide?

Of primary benefit to you is the agreement by the settling defendants to drop their prescription claims against you. The prescription claims asserted that these defendants had potentially obtained by way of their adverse historical pumping, a portion of your right to pump water in the Antelope Valley. The settling defendants are agreeing not to challenge the Class' assertion of the right of class members to pump up to 3 acre-feet of water per year for domestic purposes without having to pay a fee to for doing so. Other parties remain free to challenge that water right, which will be determined in the future. Under the settlement, you are agreeing not challenge the settling defendants' right to pump up to a set amount of groundwater each year. The settlement agreement also contains agreements among the parties as to your rights if you pump more than 3 acre feet per year. The Court has not yet ruled on any of these settling parties' water rights, and is not limited in the future by the terms of the settlement. You may read the settlement agreement at: <http://www.avgroundwater.com/smallpumper/wood.cfm>.

9. What happens with class claims against the defendants who are not part of the settlement?

Richard Wood and the class counsel will continue to pursue all of the claims in the lawsuit against the non-settling defendants until those claims are resolved in a future settlement or by order of the court after trial.

10. Does this settlement give me a water right?

No. This settlement does not provide you with Court-determined water right. The Court has not yet determined the water rights of any party, but those determinations are expected to be made in future phases of the proceeding. As set forth above, this settlement may impact the determination of your water right at a future date.

11. What claims against the Settling Defendants am I releasing?

As part of the settlement, you will be releasing (giving up) certain of your legal rights against the settling defendants only. The release in the settlement agreement is as follows:

In addition to the effect of any Judgment entered in accordance with this Stipulation, upon this Stipulation becoming final as set out in Section Paragraph VIII.H of this Stipulation, and in consideration for the settlement consideration set forth above, and for other valuable consideration, the Settling Plaintiffs, except as otherwise expressly provided for herein, shall completely release, acquit and forever discharge the Settling Defendants and their representatives, successors, agents, affiliates, attorneys, employees, supervisors, officers, directors, or shareholders, from any and all claims, demands, actions, suits, causes of action, whether class, individual, or otherwise in nature that Settling Plaintiffs, or each of them, ever had, now has, or hereafter can, shall, or may have on account of or in any way arising out of, any and all known or unknown, foreseen or unforeseen, suspected or unsuspected injuries, damages, and the consequences thereof in any way arising out of or relating in any way to the matters at issue in the Wood Action ("Released Claims"). Each Settling Plaintiff may hereafter discover facts other than or different from those which he, she, or it knows or believes to be true with respect to the claims which are the subject

matter of this Stipulation, but each Settling Plaintiff hereby expressly waives and fully, finally, and forever, settles and releases, upon this Stipulation becoming final, any known or unknown, suspected or unsuspected, contingent or non-contingent claim with respect to the subject matter of the provisions of Paragraph VII.A of this section of the Stipulation, whether or not concealed or hidden, without regard to the subsequent discovery or existence of such different or additional facts.

1. As provided in the Release set forth [] above, the Settling Plaintiffs, including any of Settling Plaintiffs' representatives, successors, agents, affiliates, employees, supervisors, officers, directors, or shareholders, agree to waive and release all rights and benefits which they might otherwise have pursuant to Section 1542 of the California Civil Code with regard to the release of such unknown, unanticipated or misunderstood claims, causes of action, liabilities, indebtedness and obligations. California Civil Code section 1542, provides that:

A General Release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the Release, which if known by him or her must have materially affected his or her settlement with the debtor.

2. The Release set forth [], above, does not include claims by any of the Settling Plaintiffs other than the claims set forth therein. In particular, the Settling Parties recognize that many persons own more than one parcel of land within the Basin. The foregoing Release only binds Wood Class Members and only with respect to those properties within the Basin on which they have pumped or are pumping within the terms of the class definition.

12. Who are the lawyers for the Class?

The lawyers for Richard Wood and class are:

Michael D. McLachlan
LAW OFFICES OF MICHAEL D. McLACHLAN, APC
10490 Santa Monica Boulevard
Los Angeles, California 90025
mike@mclachlanlaw.com

Daniel M. O'Leary
LAW OFFICE OF DANIEL M. O'LEARY
10490 Santa Monica Boulevard
Los Angeles, California 90025
dan@danolearylaw.com

13. How will the lawyers be paid?

The lawyers' fees and case costs will be paid by the settling defendants. You will not be asked to pay legal fees or case costs. Per the terms of the settlement, the parties have agreed to the amounts of the legal fees and case costs, which are set forth in the settlement agreement. The Court will be asked to approve these payments at the time of the final approval hearing.

YOUR OPTIONS

14. What happens if I do nothing at all?

If you do nothing, you will remain in the class and be bound by the terms of the settlement. You will not be able to sue the settling defendants for any of the claims being released by this settlement. You will also be bound by the future decisions in the case, whether favorable or unfavorable. Plaintiff Richard Wood and the class attorneys will continue to act as your representatives in this case, and you will not personally be obligated to pay any legal fees or costs of suit.

15. What if do not want to participate in the settlement?

If you wish to be excluded from the settlement, you must complete and mail a valid request for exclusion postmarked by no later than [30 days from mailed notice date] to the Class Administrator identified below. This exclusion request must contain your name, address, signature, and a statement that you wish to be excluded from the Class. If you timely do so, the Court will exclude you from the Class. If you do nothing, you will remain in the Class.

Your exclusion request must be sent to:

Small Pumper Class Action Administrator
c/o Garden City Group
P.O. Box 35015
Seattle, WA 98124 - 3508

16. What happens if I exclude myself from the settlement?

If you opt out of the settlement, it is very likely that you will be sued directly by the public waters supplier defendants because the Court may still need to determine your water right in the future. If you are sued, you will either need to hire your own attorney at your expense or represent yourself in Court.

17. How do I tell the Court I don't like the settlement?

If you're a Class Member, you can object to the settlement if you do not like it. To object, you must send a letter saying that you object to the settlement in *Richard Wood v. Los Angeles County Waterworks District No. 40*. Be sure to include the case number (J.C.C.P. No. 4106), your name, address, telephone number, your signature, and the reasons why you object to the settlement. You must send the objection to these three different places so that they receive it by [10 court days prior to hearing]:

The Court has scheduled a hearing at ____ AM on December __, 2013, at Los Angeles Superior Court, Department/Room __, 111 North Hill Street, Los Angeles, California 90012. At this hearing, the Court will consider whether the settlement is fair, reasonable and adequate. If there are objections, the Court will consider them. 26 of Settlement") to serve as the Administrator. I submit this Declaration in order to provide the
27 Court and the parties to the Litigation with information regarding: (i) the dissemination of the

1 Notice of Partial Class Action Settlement for the “Small Pumper” Class Action (the “Notice”), as
2 directed by paragraph 1 of the Court’s Order Granting Preliminary Approval of Class Action
3 Partial Settlement and Notice to the Class (the “Order”); and (ii) the list of persons who have
4 requested exclusion from the Class, pursuant to paragraph 7 of the Order.

5
6 **DISSEMINATION OF THE NOTICE**

7 3. In paragraph 1 of the Order, the Court found that the form and content of the
8 Notice would provide the best practicable notice to Class Members. Pursuant to the Order, GCG
9 was responsible for disseminating the Notice to the “Wood Class,” as defined in Section III.Y of
10 the Stipulation of Settlement:

11 All private (*i.e.*, non-governmental) persons and entities that own real property
12 within the Basin, as adjudicated, and that have been pumping less than 25 acre-
13 feet per year on their property during any year from 1946 to the present. The
14 Class excludes the defendants herein, any person, firm, trust, corporation, or
15 other entity in which any defendant has a controlling interest or which is
16 related to or affiliated with any of the defendants, and the representatives,
heirs, affiliates, successors-in interest or assigns of any such excluded party.
The Class also excludes all persons and entities that are shareholders in a
mutual water company.

17 4. On or about October 29, 2013, Plaintiff’s Counsel provided GCG with Excel
18 spreadsheets containing data records for 4,312 Class Members (“Class List”), which included
19 Class Members’ names and addresses. However, data records for nine (9) Class Members did
20 not contain a valid mailing address. Those nine (9) records were forwarded to Class Counsel for
21 further research.

22 5. GCG promptly loaded the information into the database created for this Litigation
23 and updated the addresses through the National Change of Address (NCOA) database. Of the
24 4,312 records sent out for search, 366 were returned with address updates, and GCG updated the
25 addresses accordingly. GCG gave unique identifiers to all records in order to maintain the ability
26 to track them throughout the administration process.
27

6. GCG thereafter formatted the Notice and caused it to be printed, posted for first-class mail, postage prepaid, and delivered to a U.S. Post Office for mailing to each Class Member on October 31, 2013 (the “Main Notice Date”).

7. On the Main Notice Date, 4,303 copies of the Notice were mailed. A copy of the Notice, as mailed, is attached hereto as **Exhibit A**.

8. Pursuant to Section VI.B of the Stipulation of Settlement, on the Main Notice Date, GCG also sent the Notice as a PDF e-mail attachment to the 124 unique Class Member e-mail addresses contained in the Class List. The Notice was successfully delivered to 89 of the 124 e-mail addresses.

9. On or about November 2, 2013, Class Counsel provided contact information for the nine (9) Class Members for whom contact information was missing on the original Class List. Two (2) of the nine (9) Class Members had additional contact addresses. GCG caused eleven (11) copies of the Notice to be printed, posted for first-class mail, postage prepaid, and delivered to a U.S. Post Office for mailing to each Class Member on November 6, 2013 (the “Supplemental Notice Date”).

10. Notices that were returned by the U.S. Postal Service with forwarding address information were promptly re-mailed using the updated address information received from the U.S. Postal Service. As of December 2, 2013, GCG had re-mailed eleven (12) Notices to updated addresses received from the U.S. Postal Service.

11. As of December 2, 2013, a total of 690 Notices had been returned undeliverable without forwarding address information.

REQUESTS FOR EXCLUSION

12. Pursuant to Section VI.C of the Stipulation of Settlement, Class Members who wished to exclude themselves from the Settlement had to do so in writing by submitting a signed and dated opt-out request to GCG, postmarked no later than December 2, 2013. As of December 2, 2013, GCG had received six (6) timely requests for exclusions from the Class.

1 A list of the Class Members who have requested exclusion is attached to this Declaration as
2 **Exhibit B.**

3
4 **OBJECTIONS TO THE SETTLEMENT**

5 13. Pursuant to paragraph 10(d) of the Order, Class Members who wish to object to
6 the Settlement have to do so in writing by submitting their objections to the Court and the
7 parties' Counsel by December 4, 2013. As of December 2, 2013, the Administrator had not
8 received any objections.

9 I declare under the penalty of perjury under the laws of the State of California that the
10 foregoing is true and correct to the best of my knowledge and belief.

**NOTICE OF PARTIAL CLASS ACTION
SETTLEMENT FOR THE “SMALL
PUMPER” CLASS ACTION**

**TO CERTAIN ANTELOPE VALLEY LANDOWNERS WHO HAVE IN THE PAST, OR CURRENTLY PUMP
GROUNDWATER ON THEIR PROPERTY: CAREFULLY READ THIS NOTICE, AS IT MAY AFFECT YOUR
RIGHT TO PUMP GROUNDWATER ON YOUR PROPERTY IN THE FUTURE.**

GENERAL INFORMATION

1. Why was this notice issued?

You have been sent this Notice because as a property owner in the Antelope Valley, your rights to pump and use groundwater on your property may be affected by this case. The Court issued this notice because you have a right to know about a proposed partial settlement of a class action lawsuit that the Court has preliminarily approved. If the Court grants final approval and any appeals are resolved, this settlement will resolve certain of your rights with the Settling Defendants, and may impact the future determination of your water rights. This notice explains the lawsuit, the partial settlement, your legal rights, who is in the class, and your options.

2. What is this lawsuit about?

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Under California law, property owners have a right to pump and use groundwater (water underneath the surface) on their land. In this case, however, the Court has determined that the naturally available supply of water in the Basin may not be adequate to satisfy everyone who wants to use that water.

Plaintiff Richard Wood brought this action to protect his right and that of other Antelope Valley landowners to pump and use the water under their properties and to obtain compensation for any wrongful taking of their property rights. Mr. Wood claims that he and other landowners have water rights which are superior to the rights of certain public water suppliers to use that water. The public water suppliers claim that their historical pumping has given them superior water rights. If the public water suppliers win, your rights to use the groundwater under your property may be cut back. The Court has not yet ruled on these claims.

3. Who is involved in this lawsuit?

Plaintiff Richard Wood is the plaintiff and class representative. On his behalf and on behalf of the class he represents, he is suing ten public water suppliers in the Antelope Valley: City of Lancaster; City of Palmdale; Desert Lake Community Services District; Littlerock Creek Irrigation District; Los Angeles County Waterworks District No. 40; North Edwards Water District; Palmdale Water District; Palm Ranch Irrigation District; Phelan Piñon Hills Community Services District; Quartz Hill Water District; and Rosamond Community Services District. Mr. Wood also sued the cities of Lancaster and Palmdale.

This lawsuit is coordinated with several other lawsuits pending before a single judge, the Honorable Jack Komar. Those other lawsuits involve many other parties who also claim the right to pump groundwater in the Antelope Valley.

4. Why is there a partial settlement?

Some of the defendants wished to resolve their claims with the class at this time, while several others did not wish to settle. Richard Wood is settling with the City of Lancaster, Palmdale Water District, Phelan Piñon Hills Community Services District, and Rosamond Community Services District. Mr. Wood will continue to litigate all of the claims against the non-settling defendants.

CLASS MEMBERSHIP

5. How do I know if I am part of the class subject to this settlement?

You have been designated as a class member because records show that you own improved property in the Antelope Valley, and otherwise meet the class definition. The class includes all private (*i.e.*, non-governmental) landowners within the Antelope Valley Groundwater Basin that have pumped groundwater on their property at any time since 1946, with certain exceptions set out below. You were sent a Class Notice in 2009, and did not choose to opt out of the class at that time.

6. Are there exceptions to being included in the settlement?

You are not in the class if you fall within one of the categories set forth below:

- A. You have pumped 25 acre-feet or more of groundwater for use on that parcel in any calendar year since 1946; **or**
- B. You are a shareholder in a mutual water company in the Antelope Valley; **or**
- C. You are already a party to this litigation.

THE PARTIAL SETTLEMENT OF THIS LAWSUIT

7. Who is included in the settlement?

Richard Wood and the class are settling with six defendants in this lawsuit: City of Lancaster; Palmdale Water District; Phelan Piñon Hills Community Services District; and Rosamond Community Services District.

8. What does the settlement provide?

Of primary benefit to you is the agreement by the Settling Defendants to drop their prescription claims against you. The prescription claims asserted that these defendants had potentially obtained by way of their adverse historical pumping, a portion of your right to pump water in the Antelope Valley. The Settling Defendants are agreeing not to challenge the class' assertion of the right of class members to pump up to 3 acre-feet of water per year for domestic purposes without having to pay a fee to for doing so. Other parties remain free to challenge that water right, which will be determined in the future. Under the settlement, you are agreeing not to challenge the Settling Defendants' right to pump up to a set amount of groundwater each year. The Settlement Agreement also contains agreements among the parties as to your rights if you pump more than 3 acre-feet per year. The Court has not yet ruled on any of these Settling Parties' water rights, and is not limited in the future by the terms of the settlement. You may read the Settlement Agreement at: <http://www.avgroundwater.com/smallpumper/wood.cfm>.

9. What happens with class claims against the defendants who are not part of the settlement?

Richard Wood and the Class Counsel will continue to pursue all of the claims in the lawsuit against the non-settling defendants until those claims are resolved in a future settlement or by order of the court after trial.

10. Does this settlement give me a water right?

No. This settlement does not provide you with a Court-determined water right. The Court has not yet determined the water rights of any party, but those determinations are expected to be made in future phases of the proceeding. As set forth above, this settlement may impact the determination of your water right at a future date.

11. What claims against the Settling Defendants am I releasing?

As part of the settlement, you will be releasing (giving up) certain of your legal rights against the Settling Defendants only. The release in the Settlement Agreement is as follows:

In addition to the effect of any Judgment entered in accordance with this Stipulation, upon this Stipulation becoming final as set out in Section Paragraph VIII.H of this Stipulation, and in consideration for the settlement consideration set forth above, and for other valuable consideration, the Settling Plaintiffs, except as otherwise expressly provided for herein, shall completely release, acquit and forever discharge the Settling Defendants and their representatives, successors, agents, affiliates, attorneys, employees, supervisors, officers, directors, or shareholders, from any and all claims, demands, actions, suits, causes of action, whether class, individual, or otherwise in nature that Settling Plaintiffs, or each of them, ever had, now has, or hereafter can, shall, or may have on account of or in any way arising out of, any and all known or unknown, foreseen or unforeseen, suspected or unsuspected injuries, damages, and the consequences thereof in any way arising out of or relating in any way to the matters at issue in the Wood Action ("Released Claims"). Each Settling Plaintiff may hereafter discover facts other than or different from those which he, she, or it knows or believes to be true with respect to the claims which are the subject matter of

this Stipulation, but each Settling Plaintiff hereby expressly waives and fully, finally, and forever, settles and releases, upon this Stipulation becoming final, any known or unknown, suspected or unsuspected, contingent or non-contingent claim with respect to the subject matter of the provisions of Paragraph VII.A of this section of the Stipulation, whether or not concealed or hidden, without regard to the subsequent discovery or existence of such different or additional facts.

1. As provided in the Release set forth above, the Settling Plaintiffs, including any of Settling Plaintiffs' representatives, successors, agents, affiliates, employees, supervisors, officers, directors, or shareholders, agree to waive and release all rights and benefits which they might otherwise have pursuant to Section 1542 of the California Civil Code with regard to the release of such unknown, unanticipated or misunderstood claims, causes of action, liabilities, indebtedness and obligations. California Civil Code section 1542, provides that:

A General Release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the Release, which if known by him or her must have materially affected his or her settlement with the debtor.

2. The Release set forth above does not include claims by any of the Settling Plaintiffs other than the claims set forth therein. In particular, the Settling Parties recognize that many persons own more than one parcel of land within the Basin. The foregoing Release only binds Wood Class Members and only with respect to those properties within the Basin on which they have pumped or are pumping within the terms of the class definition.

12. Who are the lawyers for the class?

The lawyers for Richard Wood and the class are:

Michael D. McLachlan
LAW OFFICES OF MICHAEL D. McLACHLAN, APC
10490 Santa Monica Boulevard
Los Angeles, California 90025
mike@mclachlanlaw.com

Daniel M. O'Leary
LAW OFFICE OF DANIEL M. O'LEARY
10490 Santa Monica Boulevard
Los Angeles, California 90025
dan@danolearylaw.com

13. How will the lawyers be paid?

The lawyers' fees and case costs will be paid by the Settling Defendants. You will not be asked to pay legal fees or case costs. Per the terms of the settlement, the parties have agreed to the amounts of the legal fees and case costs, which are set forth in the Settlement Agreement. The Court will be asked to approve these payments at the time of the final approval hearing.

YOUR OPTIONS

14. What happens if I do nothing at all?

If you do nothing, you will remain in the class and be bound by the terms of the settlement. You will not be able to sue the Settling Defendants for any of the claims being released by this settlement. You will also be bound by the future decisions in the case, whether favorable or unfavorable. Plaintiff Richard Wood and the class attorneys will continue to act as your representatives in this case, and you will not personally be obligated to pay any legal fees or costs of suit.

15. What if I do not want to participate in the settlement?

If you wish to be excluded from the settlement, you must complete and mail a valid request for exclusion postmarked by no later than December 2, 2013 to the Class Administrator identified below. This exclusion request must contain your name, address, signature, and a statement that you wish to be excluded from the class. If you timely do so, the Court will exclude you from the class. If you do nothing, you will remain in the class.

Your exclusion request must be sent to:

Small Pumper Class Action Administrator
c/o GCG
P.O. Box 35100
Seattle, WA 98124-1100

16. What happens if I exclude myself from the settlement?

If you opt out of the settlement, it is very likely that you will be sued directly by the public waters supplier defendants because the Court may still need to determine your water right in the future. If you are sued, you will either need to hire your own attorney at your expense or represent yourself in Court.

17. How do I tell the Court that I don't like the settlement?

If you're a class member, you can object to the settlement if you do not like it. To object, you must send a letter saying that you object to the settlement in *Richard Wood v. Los Angeles County Waterworks District No. 40, et al.* Be sure to include the case number (J.C.C.P. No. 4408), your name, address, telephone number, your signature, and the reasons why you object to the settlement. You must send the objection to these three different places so that they receive it by December 4, 2013:

18. When and where will the Court decide whether to grant final approval?

The Court has scheduled a hearing at 9:00 A.M. on December 11, 2013, at Santa Clara Superior Court, Department 1, 191 North First Street, San Jose, California. At this hearing, the Court will consider whether the settlement is fair, reasonable and adequate. If there are objections, the Court will consider them. The Court will also rule on the request for attorneys' fees and costs. After the hearing, the Court will decide whether to grant final approval of the settlement.

19. May I speak at the hearing?

You are welcome to come to the hearing at your own expense. If you send a written objection, you don't have to come to Court to talk about it. As long as you send your written objection so that it arrives on time, the Court will consider it. You may also pay your own lawyer to attend, but it's not necessary.

You may ask the Court for permission to speak at the hearing. To do so, you must send a letter saying that it is your "Notice of Intention to Appear in *'Antelope Valley Groundwater Litigation.'*" Be sure to include the case number (J.C.C.P. No. 4408), your name, address, telephone number, and signature. This letter must be received no later than December 4, 2013, and be sent to the Clerk of the Court, Class Counsel, and Defense Counsel at the three addresses listed in the answer to Question 17.

21. What if I sell my property?

1. WHY SHOULD I READ THIS NOTICE?

Available records indicate that you own property in the Antelope Valley Groundwater Basin (the “Basin”). Your property rights may be affected by the proposed settlement of this lawsuit. Your right to object to, or comment on that settlement is described below. In addition, this Notice contains important information about your disclosure obligations in the event you sell your property. ***PLEASE TAKE THE TIME TO READ THIS IMPORTANT LEGAL NOTICE, WHICH IS DIFFERENT FROM THE PRIOR NOTICES SENT TO YOU ABOUT THIS CASE.***

2. WHAT IS THIS LAWSUIT ABOUT?

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Plaintiff Richard Wood brought this case to protect his right and those of other landowners (the Wood Class comprises persons who are pumping or have pumped less than 25 acre-feet of groundwater during any year from 1946 to the present) in the Basin to pump water on their properties in the future. The case has been combined with other cases to determine all the groundwater rights in the Basin. The Court has not yet decided the case.

Property owners have a right to pump groundwater (water underneath the surface) and use it for reasonable and beneficial purposes on their overlying land. The right to use groundwater, however, may be limited during times of groundwater shortage conditions. In this case, the naturally available supply of groundwater is not adequate to meet the groundwater pumping demands of everyone who wants to use that water. For that reason, the Court decides how much water can be pumped by each party under a claim of priority to use the groundwater. Richard Wood claims that he and other such landowners have water rights that are superior to the water rights of certain public water suppliers and entities, listed in the Settlement Agreement (“Settling Defendants”) who have used and continue to use groundwater. The public water suppliers claim that their historical pumping has given them superior water rights for a public water supply as to some or all of the Richard Wood and Wood Class members’ rights to use groundwater.

3. WHO IS COVERED BY THE PROPOSED SETTLEMENT?

You have been designated as a Class member because records indicate that you own property in the Antelope Valley. **The Wood Class includes all private (i.e., nongovernmental) landowners within the Antelope Valley Groundwater Basin who are pumping or have pumped less than 25 acre-feet of groundwater during any year from 1946 to the present on their properties**, with certain exceptions set out below.

You are not in the Class if you do not own real property within the Basin. In addition, you are **NOT** in the Class if any of the following are true as to you:

1. Your property is connected to and receives water from a public water system, public utility

- or mutual water company; or
- 2. You are already a party to this litigation; or
- 3. You have already timely excluded yourself from the Wood Class and have not rejoined the Class.

4. WHAT ARE THE TERMS OF THE PROPOSED SETTLEMENT?

The Small Pumper Class has previously settled its claims with the City of Lancaster, Palmdale Water District, Phelan Piñon Hills Community Services District, and the Rosamond Community Services District. By way of the current settlement, the Small Pumper Class is now attempting to resolve all claims with California Water Service Company, City of Palmdale, Desert Lake Community Services District, Littlerock Creek Irrigation District, Los Angeles County Waterworks District No. 40, Palm Ranch Irrigation District, and Quartz Hill Water District. Through the Stipulation for Entry of Judgment and Physical Solution, which is incorporated into the Small Pumper Class Stipulation of Settlement, the Small Pumper Class is also resolving its claims with many other parties claiming beneficial interest in the groundwater in the Antelope Valley basin. These additional parties are listed on the signature pages to the Judgment and Physical Solution.

The following is a summary of the basic terms and conditions of the proposed settlement. You may view the complete settlement agreement at www.avgroundwater.com. If you do not have Internet access, you may request a copy of the settlement agreement by writing to the following: Small Pumper Class Settlement, 44 Hermosa Avenue, Hermosa Beach, CA 90254.

In summary, the proposed settlement includes the following terms (capitalized terms are defined in the Settlement Agreement), in addition to other terms discussed in other sections of this Notice:

- A. Members of the Small Pumper Class will have the right to pump up to 3 acre-feet of groundwater per year for reasonable and beneficial use without having to pay any replacement water assessment. Small Pumper Class members pumping between 3 and 25 acre-feet per year will pay a replacement water assessment.
- B. To the extent the Settling Defendants have obtained water rights by prescription, those rights shall not be exercised to diminish the Small Pumper Class' water rights.
- C. The Parties agree that the United States has a Federal Reserved Right to some portion of the Basin's Native Safe Yield.
- D. The Class agrees not to challenge certain Parties' right to recapture return flows from water that they import. The Class agrees not to contest Settling Defendants' best estimates that agricultural use of imported water results in 34% return flows and municipal and industrial use of imported water results in 39% return flows.
- E. The Settling Parties agree that the Basin has limited water resources and that there is a need for a groundwater management plan for the Basin. The Parties have agreed to be bound by such a plan, which is subject to approval and modification by the Court. This management plan will be supervised and administered by a watermaster engineer and watermaster board, which will report to the Court.

- F. The Settlement contains mutual releases of the claims the Settling Parties have asserted against each other in the litigation.

5. WHAT DO I NEED TO DO?

You are not required to do anything, unless you wish to object to the settlement (paragraph 6, below). However, if you wish to object to the settlement or to Plaintiffs' Counsel's Application for Fees and Expenses, you must file a Notice of Intent to Appear and Be Heard with the Clerk, Los Angeles County Superior Court, 111 N. Hill Street, Los Angeles, CA 90012. **That Notice must be received by May 15, 2015** for it to be considered and must briefly state the position(s) you wish to take with respect to the settlement and/or any related matters, such as Counsel's fee application. In addition, you must send a copy of that Notice to the following attorneys by that date:

6. CAN I EXCLUDE MYSELF FROM THE CLASS?

No. All Class members have been given two prior opportunities to opt out of the Class, therefore the Court will not permit further opt outs.

7. WHY, WHEN, AND WHERE WILL THE SETTLEMENT HEARING TAKE PLACE?

The Court must approve the proposed settlement after a fairness hearing in order for the settlement to become effective. That fairness hearing will take place on August 3, 2015, at 10:00 a.m. in Room 222 of the Stanley Mosk Courthouse, 111 North Hill Street, Los Angeles, CA 90010. **You are welcome to attend that hearing but you are not required to attend.**

Any Class member may appear in person or through counsel and state his or her comments on or objections to the proposed settlement and/or on counsel's fee application, *but only if he or she files a Notice of Intent to Appear and Be Heard pursuant to the procedures set forth in paragraph 5, above, on or before May 15, 2015.*

8. WHO REPRESENTS PLAINTIFF AND THE CLASS?

Plaintiff and the Class are represented by the following attorneys in this matter:

9. WHY DOES CLASS COUNSEL SUPPORT THE SETTLEMENT?

Class Counsel believe that the settlement reflects a reasonable and fair resolution of the claims asserted in this matter. The Settling Defendants assert that they have prescriptive rights to substantially more than 15% of the Basin's Native Safe Yield; the Class asserts that the Settling Defendants have no such prescriptive rights. Counsel believe that the Settlement fairly compromises the parties' positions, and resolves the risk that the class members will lose water rights to the Settling Defendants. Further, the settlement protects the rights of all Class members to use water for domestic use in amounts sufficient to sustain such use without the requirement to pay any replacement water assessment.

10. HOW WILL PLAINTIFF'S COUNSEL'S FEES BE PAID?

Plaintiff's Counsel will petition for an award of fees and expenses to be paid by the Settling Defendants. *You will not be responsible to pay any portion of their fees.* Plaintiff's Counsel has already been paid for some work on this matter.

Plaintiff's Counsel have worked on this matter for over seven years without being fully paid and they have advanced considerable amounts to pay for out-of-pocket expenses, including travel, hearing transcripts, consultants, etc. The Court will ultimately determine whether Counsel are entitled to a fee award and the appropriate amount of any such award.

11. WILL I HAVE TO PAY ANYTHING?

You will not be required to pay anything in connection with Plaintiff's Counsel's fees and costs. However, you will have to pay an annual administrative assessment which will be used to fund the watermaster appointed by the Court to implement certain provisions of the settlement. For those pumping in excess of three acre-feet of groundwater per year, the assessment will be up to \$5 per acre-foot, or as ordered by the Court. For those pumping less than three acre-feet per year, the administrative settlement will be based on 1.2 acre-feet of groundwater pumping multiplied by up to \$5 per acre-foot, or as ordered by the Court. You might also be required to pay an additional balance assessment in the future if the watermaster determines it necessary.

12. WILL I RECEIVE ANY MONETARY COMPENSATION FROM THE SETTLEMENT?

No. The settlement does not provide you with any monetary benefits.

13. WHAT HAPPENS IF THE SETTLEMENT IS APPROVED BY THE COURT?

If the settlement is approved, and not successfully appealed, the above litigation between and among the settling parties will be over and you will be bound by the stipulation for judgment and physical solution.

14. WHAT HAPPENS IF THE SETTLEMENT IS NOT APPROVED BY THE COURT?

If the settlement is not approved, the settlement agreement will be null and void and the parties will be returned to their prior positions in the litigation.

15. WHERE CAN I GET ADDITIONAL INFORMATION?

The amended complaint and certain other documents from the litigation are available at www.avgroundwater.com. In addition, that website has a list of answers to certain other questions you may have and has an email address for you to obtain information if you have further questions. That website will be updated from time to time to advise you of the status of this litigation. Also, all of the documents filed in the case are available on the court's website at <http://www.scefilings.org/cases/casehome.isp?caseId=19>.

16. WHAT ARE THE RELEVANT DATES?

The Settlement Hearing is scheduled for August 3, 2015. If you wish to be heard at the Hearing, you must file a Notice of Intent to Appear and Be Heard with the Clerk, Los Angeles County Superior Court, as discussed above in paragraph 5. **That Notice must be received by May 15, 2015** for it to be considered. In addition, by that date, you must send a copy of that Notice to the attorneys identified in paragraph 5, above.

17. MAY I PUMP WATER ON MY PROPERTY?

Yes. There are presently no restrictions on your ability to pump water on your property or the amount that you can pump for reasonable and beneficial uses on your property. However, it is possible that there will be limits imposed on the amount of pumping in the future.

18. WHAT IF I PUMP MORE THAN 3 ACRE-FEET OF GROUNDWATER PER YEAR?

A Class Member will have the right to pump up to 3 acre-feet per year for reasonable and beneficial use on his or her property, without assessment. However, if you pump more than 3 acre-feet per year, you may be required to pay a replacement assessment in the future for any water you pump in excess of 3 acre-feet per year. This settlement does not affect your ability to continue to pump in excess of 3 acre-feet per year, but the Court may limit those rights in future proceedings. The replacement assessments, if any, will be levied by a court-appointed watermaster, who will implement various provisions of this settlement.

19. WILL I HAVE TO INSTALL A WATER METER ON MY PROPERTY?

If the watermaster develops a reasonable belief that you are pumping more than 3 acre-feet of groundwater per year, you may be required to install a water meter.

20. WILL MY GROUNDWATER USE BE MONITORED?

The watermaster may choose to monitor your water use through aerial photography and/or satellite imagery. The watermaster may also decide to subpoena your electrical usage records from your electrical utility provider. As noted above, if you are pumping less than 3 acre-feet of groundwater per year, you will not be required to install a meter.

21. WHAT HAPPENS IF I SELL MY ANTELOPE VALLEY PROPERTY?

If the settlement is approved by the Court, anyone who acquires your property will be bound by the terms of the settlement. Hence, you should disclose the terms of the settlement to anyone who may acquire your Antelope Valley property.

PLEASE DO NOT CALL OR WRITE THE COURT OR CLERK'S OFFICE. IF YOU HAVE ANY QUESTIONS, PLEASE CONSULT YOUR OWN COUNSEL, VISIT THE WEB SITES LISTED ABOVE, OR WRITE TO CLASS COUNSEL AT THE ADDRESS ABOVE.

[proposed] ORDER GRANTING
PRELIMINARY APPROVAL OF
SMALL PUMPER CLASS ACTION
SETTLEMENT AND NOTICE TO
THE CLASS**

**ORDER GRANTING PRELIMINARY APPROVAL OF SMALL PUMPER
CLASS ACTION SETTLEMENT AND NOTICE TO THE CLASS**

1 On March 26, 2015, this matter has come before the Court on the Motion of
2 Plaintiff Richard Wood and Los Angeles County Waterworks District 40 ("District 40")
3 (the "Motion") for Preliminary Approval of Class Action Settlement (the "Stipulation" or
4 the "Settlement") between and among Richard Wood and the Small Pumper Class, on the
5 one hand, and California Water Service Company, City of Palmdale, Desert Lake
6 Community Services District, Littlerock Creek Irrigation District, Los Angeles County
7 Waterworks District 40 ("District 40"), Palm Ranch Irrigation District, and Quartz Hill
8 Water District (collectively, "Settling Defendants") on the other hand, all of whom are
9 referred to herein as the "Settling Parties."

10 The Motion having come on for hearing before the above Court; the Court having
11 reviewed and considered all documents, evidence and arguments presented by counsel in
12 support of and opposition to said Motion; the Court being fully advised in the premises
13 and good cause appearing, the Court enters its order and, subject to final determination by
14 the Court as to the fairness, reasonableness, and adequacy of the Settlement following
15 Notice to the Class and a final fairness hearing, finds and orders as follows:

16 The Stipulation of Settlement (filed as Exhibit "1" to the Motion) and the Settlement
17 set forth therein are *preliminarily* approved as fair, reasonable, and adequate, subject to a
18 final fairness hearing to be held after notice has been provided to the Class.

- 19 1. The Court finds that the form and content of the notice of the proposed Settlement
20 (as set forth in the Notice of Proposed Small Pumper Class Action Settlement
21 lodged as Exhibit "2" to the Motion) (the "Class Notice") will provide the best
22 practicable notice to Class Members, certified by this Court's Order of September
23 2, 2008. Accordingly, class counsel shall cause the administrator, by April 6,
24 2015, to provide notice of the proposed Settlement by mailing the Class Notice via
25 first class U.S. mail to the last known address of Class Members and by posting
26 the Class Notice on the Class website, as set forth in paragraph V.B of the
27 Settlement.

28
2
**ORDER GRANTING PRELIMINARY APPROVAL OF SMALL PUMPER
CLASS ACTION SETTLEMENT AND NOTICE TO THE CLASS**

- 1 2. District 40 and class counsel shall also cause to be published a Summary Notice of
2 Proposed Class Action Settlement ("Summary Notice") in three widely read
3 ~~newspapers~~ [✓] ~~papers~~ in the area. The costs and expenses of said Class Notice and
4 Summary Notice shall be paid by Settling Defendants. The Court authorizes the
5 Settling Parties to make minor, non-substantive revisions to the Class Notice as
6 they may jointly deem necessary or appropriate, without the necessity of further
7 Court action or approval.
- 8 3. A final approval hearing shall be held by this Court on August 3, 2015 at 10:00
9 A.M. in Room 222 of the Stanley Mosk Courthouse of the Los Angeles Superior
10 Court to consider and finally determine:
- 11 a. Whether the Settlement should be finally approved as fair, reasonable, and
12 adequate;
 - 13 b. The merits of any objections to the Stipulation and the Settlement set forth
14 therein, or any of its terms; and
 - 15 c. Whether attorneys' fees, costs and expenses should be awarded to
16 Plaintiff's Counsel and an incentive award made to the Representative
17 Plaintiff.
- 18 4. Any Class Member who objects to approval of the proposed Settlement may
19 appear at the final approval hearing in person or through counsel to show cause
20 why the proposed Settlement should or should not be approved as fair, reasonable,
21 or adequate. Any member of the Class who seeks to intervene in the Action may
22 file and serve a motion to intervene in accordance with applicable law.
- 23 5. However, no Class Member may be heard at the final approval hearing nor file
24 any papers or briefs with respect thereto, unless by May 15, 2015, such person
25 files with the Clerk of the Court and serves on counsel for the Class and Settling
26 Defendants a timely written objection and notice of intent to appear, in accordance
27 with the procedures specified in the Class Notice. Any Class Member who does
28

1 not make his or her objection to the Settlement or request for intervention in the
2 manner provided herein and in the Class Notice, shall be deemed to have waived
3 such objection or right to intervene for purposes of appeal, collateral attack, or
4 otherwise.

- 5 6. The dissemination of the Class Notice, as directed by this Order, constitutes the
6 best notice practicable under the circumstances and sufficient notice to all Class
7 Members. The contents of the Class Notice and the manner of its dissemination
8 satisfy the requirements of Rule 3.769 of the California Rules of Court, other
9 applicable California laws, and state and federal due process.
- 10 7. Any and all persons who timely excluded themselves from the Class and did not
11 rejoin the Class shall *not* be Class Members and shall have no rights and
12 obligations with respect to the Settlement.
- 13 8. If the Settlement is finally approved, the Court shall enter a Final Judgment
14 approving the Settlement, which shall be binding on the Settling Parties, including
15 all Class Members.
- 16 9. In the event, for any reason, the proposed Settlement as provided in the Stipulation
17 is not approved by the Court, or the Court does not enter the Final Judgment, then
18 the Stipulation, and all drafts, negotiations, discussions, and documentation
19 relating thereto, shall become null and void.
- 20 10. The dates of performance of this Order are as follows:
- 21 a. The Class Notice shall be disseminated by website posting and U.S. mail by
22 April 6, 2015. District 40 and Class Counsel shall cause to be published a
23 Summary Notice shall also be published in three widely read newspapers in
24 the area, as set forth in paragraph V.B of the Settlement.
- 25 b. Any objections or oppositions to the Settlement, requests for intervention
26 and notices of intention to appear and be heard at the final approval hearing
27
28

1 shall be deemed timely only if filed with the Court and served on counsel
2 for the parties by May 15, 2015.

3 c. Plaintiff shall file a motion for final approval of the Settlement and
4 supporting papers by July 9, 2015.

5 d. By July 31, 2015, District 40 and class counsel shall certify to the Court
6 that it has complied with the notice requirements set forth in this Order.

7 e. The Final Settlement Hearing shall take place in Courtroom 222 of the
8 above Court on August 3, 2015, at 10:00 A.M.

Judicial Council Coordination
Proceeding No. 4408

(Honorable Jack Komar)

Case No. BC 391869

**DECLARATION OF
JENNIFER M. KEOUGH
REGARDING DISSEMINATION OF
SMALL PUMPER NOTICE**

I, JENNIFER M. KEOUGH, declare as follows:

1. As stated in my Declaration filed December 3, 2013, I am Chief Operating Officer of The Garden City Group, LLC¹ ("GCG"). The following statements are based on my personal knowledge and information provided by other GCG employees working under my supervision, and if called on to do so, I could and would testify competently thereto.

¹ The Garden City Group, Inc. is now Garden City Group, LLC.

2. GCG was originally retained as Administrator in the above-captioned litigation (the “Litigation”) pursuant to Section VI.B of the Wood Class Stipulation of Settlement (the “Stipulation of Settlement”) filed on October 7, 2013. Pursuant to the Order Granting Preliminary Approval of Small Pumper Class Action Settlement and Notice to the Class (the “Order”), dated April 6, 2015, GCG was further engaged to distribute the Notice of Proposed Settlement for the “Small Pumper” Class Action and Settlement Hearing (the “Class Notice”).

DISSEMINATION OF THE CLASS NOTICE

3. In paragraph 1 of the Order, the Court found that the form and content of the Class Notice would provide the best practicable notice to Class Members. Pursuant to the Order, GCG was responsible for disseminating the Class Notice to the “Small Pumper Class,” as defined in Section 3.5.44 of the Proposed Judgment and Physical Solution:

All private (i.e., non-governmental) Persons and entities that own real property within the Basin, as adjudicated, and that have been pumping less than 25 acre-feet per Year on their property during any Year from 1946 to the present. The Class excludes the defendants in *Wood v. Los Angeles Co. Waterworks Dist. 40, et al.*, any Person, firm, trust, corporation, or other entity in which any such defendants has a controlling interest or which is related to or affiliated with any such defendants, and the representatives, heirs, affiliates, successors-in-interest or assigns of any such excluded party. The Class also excludes all Persons and entities that are shareholders in a mutual water company. The Class does not include those who opted out of the Class.

4. On or about March 31, 2015, GCG provided an Excel spreadsheet to Plaintiff’s Counsel containing mailing information for (a) Class Members who received a copy of the Notice that was mailed pursuant to the Order of the Court dated October 25,

1 2013, and (b) other persons or entities who had notified GCG that they believed they
2 were also Class Members. The mailing list did not include those persons or entities who
3 had requested exclusion from the Class. Plaintiff's Counsel reviewed the records and
4 provided GCG with a revised mailing list and confirmed that thirteen (13) individuals,
5 including those the Court added to the list of known class members, should also receive
6 the Notice. Five (5) recipients from the earlier mailing were removed from the mailing
7 list, either because the available information did not include the identity of the person or
8 entity, or because the person or entity was no longer a Class Member.

9
10 5. GCG promptly updated the information in the database created for this
11 Litigation and assigned a unique identifier to those records that did not already have an
12 identifier in order to maintain the ability to track them. GCG then submitted the
13 addresses for all Class Members to the National Change of Address (NCOA) database.
14 Of the 4,310 records sent out for search, 152 were returned with address updates, and
15 GCG updated the addresses accordingly.

16
17 6. GCG thereafter formatted the Class Notice and caused it to be printed,
18 posted via first-class mail, postage prepaid, and delivered to a U.S. Post Office on April
19 3, 2015, for mailing to each of the 4,310 Class Members. A copy of the Class Notice, as
20 mailed, is attached hereto as **Exhibit A**.

21
22 7. Class Notices that were returned by the U.S. Postal Service with forwarding
23 address information were promptly re-mailed using the updated address information
24 received from the U.S. Postal Service. As of May 31, 2015, GCG had re-mailed six (6)
25 Class Notices to updated addresses received from the U.S. Postal Service.

26
27 8. As of May 31, 2015, a total of 770 Class Notices had been returned

1 undeliverable without forwarding address information, including two (2) Class Notices
2 that had previously been re-mailed.

3
4 **OBJECTIONS TO THE SETTLEMENT**
5

6 9. Pursuant to paragraph 5 of the Order, Class Members who wished to object
7 to the Settlement had to do so in writing by submitting their objections to the Court and
8 the parties' counsel by May 15, 2015. As of May 19, 2015, GCG had not received any
9 objections. However, GCG did receive two written responses to the Class Notice in
10 which the recipient provided notification that they no longer owned the property in
11 question.
12

13 I declare under the penalty of perjury under the laws of the State of California that
14 the foregoing is true and correct to the best of my knowledge and belief.

QUESTIONS? VISIT WWW.AVGROUNDWATER.COM.

1. WHY SHOULD I READ THIS NOTICE?

Available records indicate that you own property in the Antelope Valley Groundwater Basin (the “Basin”). Your property rights may be affected by the proposed settlement of this lawsuit. Your right to object to, or comment on that settlement is described below. In addition, this Notice contains important information about your disclosure obligations in the event you sell your property. ***PLEASE TAKE THE TIME TO READ THIS IMPORTANT LEGAL NOTICE, WHICH IS DIFFERENT FROM THE PRIOR NOTICES SENT TO YOU ABOUT THIS CASE.***

2. WHAT IS THIS LAWSUIT ABOUT?

This Class Action lawsuit involves water rights in the Antelope Valley Groundwater Basin. Plaintiff Richard Wood brought this case to protect his right and those of other landowners (the Wood Class comprises persons who are pumping or have pumped less than 25 acre-feet of groundwater during any year from 1946 to the present) in the Basin to pump water on their properties in the future. The case has been combined with other cases to determine all the groundwater rights in the Basin. The Court has not yet decided the case.

Property owners have a right to pump groundwater (water underneath the surface) and use it for reasonable and beneficial purposes on their overlying land. The right to use groundwater, however, may be limited during times of groundwater shortage conditions. In this case, the naturally available supply of groundwater is not adequate to meet the groundwater pumping demands of everyone who wants to use that water. For that reason, the Court decides how much water can be pumped by each party under a claim of priority to use the groundwater. Richard Wood claims that he and other such landowners have water rights that are superior to the water rights of certain public water suppliers and entities, listed in the Settlement Agreement (“Settling Defendants”) who have used and continue to use groundwater. The public water suppliers claim that their historical pumping has given them superior water rights for a public water supply as to some or all of the Richard Wood and Wood Class members’ rights to use groundwater.

3. WHO IS COVERED BY THE PROPOSED SETTLEMENT?

You have been designated as a Class member because records indicate that you own property in the Antelope Valley. **The Wood Class includes all private (i.e., nongovernmental) landowners within the Antelope Valley Groundwater Basin who are pumping or have pumped less than 25 acre-feet of groundwater during any year from 1946 to the present on their properties,** with certain exceptions set out below.

You are not in the Class if you do not own real property within the Basin. In addition, you are **NOT** in the Class if any of the following are true as to you:

1. Your property is connected to and receives water from a public water system, public utility or mutual water company; or
2. You are already a party to this litigation; or
3. You have already timely excluded yourself from the Wood Class and have not rejoined the Class.

4. WHAT ARE THE TERMS OF THE PROPOSED SETTLEMENT?

The Small Pumper Class has previously settled its claims with the City of Lancaster, Palmdale Water District, Phelan Piñon Hills Community Services District, and the Rosamond Community Services District. By way of the current settlement, the Small Pumper Class is now attempting to resolve all claims with California Water Service Company, City of Palmdale, Desert Lake Community Services District, Littlerock Creek Irrigation District, Los Angeles County Waterworks District No. 40, North Edwards Water

QUESTIONS? VISIT WWW.AVGROUNDWATER.COM.

District, Palm Ranch Irrigation District, and Quartz Hill Water District. Through the Stipulation for Entry of Judgment and Physical Solution, which is incorporated into the Small Pumper Class Stipulation of Settlement, the Small Pumper Class is also resolving its claims with many other parties claiming beneficial interest in the groundwater in the Antelope Valley basin. These additional parties are listed on the signature pages to the Judgment and Physical Solution.

The following is a summary of the basic terms and conditions of the proposed settlement. You may view the complete settlement agreement at www.avgroundwater.com. If you do not have Internet access, you may request a copy of the settlement agreement by writing to the following: Small Pumper Class Settlement, 44 Hermosa Avenue, Hermosa Beach, CA 90254.

In summary, the proposed settlement includes the following terms (capitalized terms are defined in the Settlement Agreement), in addition to other terms discussed in other sections of this Notice:

- A. Members of the Small Pumper Class will have the right to pump up to 3 acre-feet of groundwater per year for reasonable and beneficial use without having to pay any replacement water assessment. Small Pumper Class members pumping between 3 and 25 acre-feet per year will pay a replacement water assessment.
- B. To the extent the Settling Defendants have obtained water rights by prescription, those rights shall not be exercised to diminish the Small Pumper Class' water rights.
- C. The Parties agree that the United States has a Federal Reserved Right to some portion of the Basin's Native Safe Yield.
- D. The Class agrees not to challenge certain Parties' right to recapture return flows from water that they import. The Class agrees not to contest Settling Defendants' best estimates that agricultural use of imported water results in 34% return flows and municipal and industrial use of imported water results in 39% return flows.
- E. The Settling Parties agree that the Basin has limited water resources and that there is a need for a groundwater management plan for the Basin. The Parties have agreed to be bound by such a plan, which is subject to approval and modification by the Court. This management plan will be supervised and administered by a watermaster engineer and watermaster board, which will report to the Court.
- F. The Settlement contains mutual releases of the claims the Settling Parties have asserted against each other in the litigation.

5. WHAT DO I NEED TO DO?

You are not required to do anything, unless you wish to object to the settlement. However, if you wish to object to the settlement or to Plaintiffs' Counsel's Application for Fees and Expenses, you must file a Notice of Intent to Appear and Be Heard with the Clerk, Los Angeles County Superior Court, 111 N. Hill Street, Los Angeles, CA 90012. **That Notice must be received by May 15, 2015** for it to be considered and must briefly state the position(s) you wish to take with respect to the settlement and/or any related matters, such as Counsel's fee application. In addition, you must send a copy of that Notice to the following attorneys by that date:

6. CAN I EXCLUDE MYSELF FROM THE CLASS?

No. All Class members have been given two prior opportunities to opt out of the Class, therefore the Court will not permit further opt outs.

7. WHY, WHEN, AND WHERE WILL THE SETTLEMENT HEARING TAKE PLACE?

The Court must approve the proposed settlement after a fairness hearing in order for the settlement to become effective. That fairness hearing will take place on August 3, 2015, at 10:00 a.m. in Room 222 of the Stanley Mosk Courthouse, 111 North Hill Street, Los Angeles, CA 90010. **You are welcome to attend that hearing but you are not required to attend.**

Any Class member may appear in person or through counsel and state his or her comments on or objections to the proposed settlement and/or on counsel's fee application, *but only if he or she files a Notice of Intent to Appear and Be Heard pursuant to the procedures set forth in paragraph 5, above, on or before May 15, 2015.*

8. WHO REPRESENTS PLAINTIFF AND THE CLASS?

Plaintiff and the Class are represented by the following attorneys in this matter:

9. WHY DOES CLASS COUNSEL SUPPORT THE SETTLEMENT?

Class Counsel believes that the settlement reflects a reasonable and fair resolution of the claims asserted in this matter. The Settling Defendants assert that they have prescriptive rights to substantially more than 15% of the Basin's Native Safe Yield; the Class asserts that the Settling Defendants have no such prescriptive rights. Counsel believe that the Settlement fairly compromises the parties' positions, and resolves the risk that the class members will lose water rights to the Settling Defendants. Further, the settlement protects the rights of all Class members to use water for domestic use in amounts sufficient to sustain such use without the requirement to pay any replacement water assessment.

10. HOW WILL PLAINTIFF'S COUNSEL'S FEES BE PAID?

Plaintiff's Counsel will petition for an award of fees and expenses to be paid by the Settling Defendants. *You will not be responsible to pay any portion of their fees.* Plaintiff's Counsel have already been paid for some work on this matter.

Plaintiff's Counsel have worked on this matter for over seven years without being paid and they have advanced considerable amounts to pay for out-of-pocket expenses, including travel, hearing transcripts, consultants, etc. The Court will ultimately determine whether Counsel is entitled to a fee award and the appropriate amount of any such award.

QUESTIONS? VISIT WWW.AVGROUNDWATER.COM.

11. WILL I HAVE TO PAY ANYTHING?

You will not be required to pay anything in connection with Plaintiff's Counsel's fees and costs. However, you will have to pay an annual administrative assessment which will be used to fund the watermaster appointed by the Court to implement certain provisions of the settlement. For those pumping in excess of three acre-feet of groundwater per year, the assessment will be up to \$5 per acre-foot, or as ordered by the Court. For those pumping less than three acre-feet per year, the administrative settlement will be based on 1.2 acre-feet of groundwater pumping multiplied by up to \$5 per acre-foot, or as ordered by the Court. You might also be required to pay an additional balance assessment in the future if the watermaster determines it necessary.

12. WILL I RECEIVE ANY MONETARY COMPENSATION FROM THE SETTLEMENT?

No. The settlement does not provide you with any monetary benefits.

13. WHAT HAPPENS IF THE SETTLEMENT IS APPROVED BY THE COURT?

If the settlement is approved, and not successfully appealed, the above litigation between and among the settling parties will be over and you will be bound by the stipulation for judgment and physical solution.

14. WHAT HAPPENS IF THE SETTLEMENT IS NOT APPROVED BY THE COURT?

If the settlement is not approved, the settlement agreement will be null and void and the parties will be returned to their prior positions in the litigation.

15. WHERE CAN I GET ADDITIONAL INFORMATION?

The amended complaint and certain other documents from the litigation are available at www.avgroundwater.com. In addition, that website has a list of answers to certain other questions you may have and has an email address for you to obtain information if you have further questions. That website will be updated from time to time to advise you of the status of this litigation. Also, all of the documents filed in the case are available on the court's website at <http://www.sceffiling.org/cases/casehome.jsp?caseId=19>.

16. WHAT ARE THE RELEVANT DATES?

The Settlement Hearing is scheduled for August 3, 2015. If you wish to be heard at the Hearing, you must file a Notice of Intent to Appear and Be Heard with the Clerk, Los Angeles County Superior Court, as discussed above in paragraph 5. **That Notice must be received by May 15, 2015** for it to be considered. 18. WHAT IF I PUMP MORE THAN 3 ACRE-FEET OF GROUNDWATER PER YEAR?

A Class Member will have the right to pump up to 3 acre-feet per year for reasonable and beneficial use on his or her property, without assessment. However, if you pump more than 3 acre-feet per year, you may be required to pay a replacement assessment in the future for any water you pump in excess of 3 acre-feet per year. This settlement does not affect your ability to continue to pump in excess of 3 acre-feet per year, but the Court may limit those rights in future proceedings. The replacement assessments, if any, will be levied by a court-appointed watermaster, who will implement various provisions of this settlement.

19. WILL I HAVE TO INSTALL A WATER METER ON MY PROPERTY?

If the watermaster develops a reasonable belief that you are pumping more than 3 acre-feet of groundwater per year, you may be required to install a water meter.

20. WILL MY GROUNDWATER USE BE MONITORED?

The watermaster may choose to monitor your water use through aerial photography and/or satellite imagery. The watermaster may also decide to subpoena your electrical usage records from your electrical utility provider. As noted above, if you are pumping less than 3 acre-feet of groundwater per year, you will not be required to install a meter.

21. WHAT HAPPENS IF I SELL MY ANTELOPE VALLEY PROPERTY?

If the settlement is approved by the Court, anyone who acquires your property will be bound by the terms of the settlement. Hence, you should disclose the terms of the settlement to anyone who may acquire your Antelope Valley property.
